4/5 Stars Atlas of Adventures was a bright, colorfully illustrated book that was part atlas, part adventure and part search/find. Organized by continents (Europe, North America, Central and South America, Asia and the Middle East, Africa, Australia and Oceania and Antarctica), each continent is introduced in a two page spread that has a summary of adventures (marked in their spot on the map).

The Atlas of Ocean Adventures is divided into five sections: the Pacific Ocean, the Atlantic Ocean, Indian Ocean, Southern Ocean and Arctic Ocean. This is obviously not a comprehensive atlas, as only 32 animals are featured, but there is a nice range, including fish species, marine birds, and larger mammals.
