them until the dialogue is initiated. He beeps occasionally, and, when entering Vain, will

~~Beep | Kenshi Wiki | Fandom~~
Sounds to me personally that it is either a power supply issue or the processor is dead, that's what your symptoms tell me. Generally a no post with no beeps means CPU, motherboard or power supply issues. Everything else should produce a beep code, motherboard can't produce a beep code if its brain is dead or it's not getting power.
