George lost weight with Stella Style: feating fresh foods, using low-carb ingredients to reinvent your old favorites, developing better eating habits, and, most of all,eating food you love!! And he wasn't the only one: The entire Stella family shed more than 560 pounds. In Livin' Low Carb, George has brought together more than 125 of the Stella family's favorite recipes. For breakfast there are Blueberry Pancakes or George's Gorgeous Macadamia Banana Muffins. For lunch or dinner try Low-Carb Pizza, Tequila Chicken Quesadillas, Spaghetti Squash Alfredo, Lasagna, Anaheim Shrimp Scampi, and Southern Fried Chicken. And don't forget soups, salads, and vegetables! You'll find recipes here for Key West Caesar Salad, Turkey Vegetable Soup, and Garlic Mock Mashed Potatoes. If it's sweets you crave, try Chocolate Pecan Brownies or New York Ricotta Cheesecake. There are also party recipes (Nutty Muddy Trail Mix, Teriyaki Sesame Tuna Skewers), tasty drink concoctions (Strawberry Milkshakes, Lemon-Lime Slushies), and a wide array of condiments and dressings (including Quick and Easy Ketchup and Thousand Island Dressing). These recipes feature easy-to-find, low-carb ingredients that will fit any budget. More than just a cookbook, Livin' Low Carb is a practical guide to a sustainable low-carb lifestyle.

Offers exciting recipes for dishes that are packed with flavor, but leave the fat behind.

From George Foreman, two-time heavy-weight champion of the world and one of the greatest salesmen of all time, his cookbook written specifically for his fabulous, indoor grills. From dorm rooms and first apartments to suburban homes and four-star restaurants, the George Foreman grill is one of America's most popular small kitchen appliances. As a world-class athlete and father of ten, George Foreman is focused on fresh, healthy foods that keep him and his family strong. Between kids, careers, and a heavyweight training schedule, the Foremans are a big, constantly-in-motion family. Getting dinner on the table could be an endurance event, but instead of going ten rounds in the kitchen, George Foreman has perfected fast and easy, and he passes on his strategy in George Foreman's Indoor Grilling Made Easy. Here are more than 100 recipes that speak to the reason everyone buys the indoor grill in the first place: easy dishes filled with big, bold flavor for healthy food fast. From breakfast foods to snacks, entrées, side dishes, and even desserts made on the grill, this is food to satisfy the young, the not-so-young, and everyone in between. Most recipes are naturally lower in carbohydrates (after all, George is a carnivore of some note), but some have choice carbs to fuel heavy training days. In addition to the recipes, there are plenty of flavor-enhancing ideas marinades, spice rubs, and sauces!for simple cuts of fish, beef, pork, and chicken. You'll also find insider info on how to make perfect grilled veggies every time. George Foreman's Indoor Grilling Made Easy even includes finger foods for a party and a Thanksgiving dinner made on the grill. Portions feed a family of four but can easily be downsized for those living on their own (or doubled for Foreman-sized families).

IA painstakingly thorough aid that has something to offer everyone, from the culinary novice to the seasoned home cook.!!Tom Colicchio, James Beard Award-winning chef/owner Crafted Hospitality For nearly 60 years, Williams-Sonoma has connected and inspired home cooks with the best cooking equipment and kitchen-tested recipes. Cooking at Home celebrates that legacy with recipes culled from its award-winning publishing program, which was guided by Chuck Williams for more than two decades. More than just a recipe collection, the book features a wealth of informative tips, techniques, and cooking know-how. Re-released and updated in celebration of Chuck Williams' 100th birthday, Cooking at Home features over 1000 recipes from the Williams-Sonoma publishing program, which Chuck guided. In addition, the book includes 100 recipes from Chuck's personal recipe collection. The book's 22 chapters cover cooking topics from A-Z, making it a complete cooking reference book you can use every day, whatever you are in the mood for and whatever the occasion. Be sure to check out {Chuck's Finds, which highlight special merchandise that Chuck introduced in his Williams-Sonoma stores to the U.S. public. IA compilation of his favorite recipes spanning decades. These dishes are classics in their own right.!!Thomas Keller, James Beard Award-winning chef/owner The French Laundry IA visual and tactile treat containing a comprehensive array of eclectic cooking and prep tips (two per page) presented with a sophisticated aesthetic. . . . a book for everyone, a beautiful gift, and a practical long-term tool for the coziest room in the house.!!Publishers Weekly

The Barbecue Man's previous two books of recipes and distinctive North Carolina barbecue joints are now combined, updated, and expanded into one volume, creating the ultimate authoritative reference to every aspect of North Carolina barbecue.

Acclaimed as one of the most exciting books in the history of American letters, this modern epic became an instant bestseller upon publication in 1974, transforming a generation and continuing to inspire millions. This 25th Anniversary Quill Edition features a new introduction by the author; important typographical changes; and a Reader's Guide that includes discussion topics, an interview with the author, and letters and documents detailing how this extraordinary book came to be. A narration of a summer motorcycle trip undertaken by a father and his son, the book becomes a personal and philosophical odyssey into fundamental questions of how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austere beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, Zen and the Art of Motorcycle Maintenance is a touching and transcendent book of life.

Baseball Hacks isn't your typical baseball book—it's a book about how to watch, research, and understand baseball. It's an instruction manual for the free baseball databases. It's a cookbook for baseball research. Every part of this book is designed to teach baseball fans how to do something. In short, it's a how-to book—one that will increase your enjoyment and knowledge of the game. So much of the way baseball is played today hinges upon interpreting statistical data. Players are acquired based on their performance in statistical categories that ownership deems most important. Managers make in-game decisions based not on instincts, but on probability - how a particular batter might fare against left-handedpitching, for instance. The goal of this unique book is to show fans all the baseball-related stuff that they can do for free (or close to free). Just as open source projects have made great software freely available, collaborative projects such as Retrosheet and Baseball DataBank have made great data freely available. You can use these data sources to research your favorite players, win your fantasy league, or appreciate the game of baseball even more than you do now. Baseball Hacks shows how easy it is to get data, process it, and use it to truly understand baseball. The book lists a number of sources for current and historical baseball data, and explains how to load it into a database for analysis. It then introduces several powerful statistical tools for understanding data and forecasting results. For the uninitiated baseball fan, author Joseph Adler walks readers through the core statistical categories for hitters (batting average, on-base percentage, etc.), pitchers (earned run average, strikeout-to-walk ratio, etc.), and fielders (putouts, errors, etc.). He then extrapolates upon these numbers to examine more advanced data groups like career averages, team stats, season-by-season comparisons, and more. Whether you're a mathematician, scientist, or season-ticket holder to your favorite team, Baseball Hacks is sure to have something for you. Advance praise for Baseball Hacks: "Baseball Hacks is the best book ever written for understanding and practicing baseball analytics. A must-read for baseball professionals and enthusiasts alike." -- Ari Kaplan, database consultant to the Montreal Expos, San Diego Padres, and Baltimore Orioles "The game was born in the 19th century, but the passion for its analysis continues to grow into the 21st. In Baseball Hacks, Joe Adler not only demonstrates thathe latest data-mining technologies have useful application to the study of baseball statistics, he also teaches the reader how to do the analysis himself, arming the dedicated baseball fan with tools to take his understanding of the game to a higher level." -- Mark E. Johnson, Ph.D., Founder, SportMetrika, Inc. and Baseball Analyst for the 2004 St. Louis Cardinals

From juicy meats to flaky pastries, your convection oven is the perfect solution for cooking food evenly and fast. But figuring out how to use your oven and what recipes to make in it can be tricky. The Complete Convection Oven Cookbook teaches home chefs everything they need to know to master the art of convection cooking.
