Print this page. In Grade 6, instructional time should focus on four critical areas: (1) connecting ratio and rate to whole number multiplication and division and using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which

Online Library California Mathematics Grade 6

Solutions Manual
includes negative numbers;
(3) writing, interpreting,
and using expressions and
equations; and (4)
developing understanding of
statistical thinking.
