Twenty-five years ago, how many people were thinking about the internet on a daily basis? Now you can find everything, including technical and instruction manuals, online. But some things never change. Users still need instructions and warnings to guide them in the safe and proper use of products. Good design, clear instructions and warnings, placement of graphics, all the traditional elements hold true whether designing for print or online materials. And technical writers still need those two most valuable commodities–time and information–to do their jobs well. Another constant, Writing and Designing Manuals and Warnings, now in its fourth edition, offers real-world guidance based on real-world know-how for the development of product documentation. See What’s New in the Fourth Edition: New organization to clarify the principles of manual and warning development Coverage of the digital revolution and the global marketplace Expanded section on product safety and warnings Information on international standards for warnings Backed by Research and Collective Experience Drawn from the collective experience of hundreds of technical writers, graphic artists, and product safety engineers, along with the author’s nearly 30 years of experience helping companies improve instructions and warnings, this how-to book covers every aspect of developing state-of-the-art product manuals and safety warnings. Filled with examples that show how good manuals and effective warnings can add value to your company’s products and build repeat business, while at the same time reducing liability exposure, the text demonstrates how to create manuals that give products a competitive edge and improve customer satisfaction. Solidly grounded in research, but not a stuffy academic treatise, this down-to-earth, practical book is a survival guide for writers in the real world of short deadlines and tight budgets.

Searchable electronic version of print product with fully hyperlinked cross-references.

In this book, you will find 7 very simple keys to start with if you wish to live an excellent life. The kind of life we all have the right to have. YES! iOS 11 for the iPhone includes a host of exciting new features, including a revamped Control Center and all-new powers for some of your favorite apps–Siri, AirPlay 2, Maps, Photos, and Maps. You can even send payment via iMessages and type with one hand! And the best way to learn all of these features is with iPhone: The Missing Manual–a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master. This easy-to-use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone. Written by Missing Manual series creator and former New York Times columnist David Pogue, this updated guide shows you everything you need to know about the new features and user interface of iOS 11 for the iPhone.

Provides information about the online social network Google+, discussing such topics as managing a profile, organizing group video chats, sharing photographs, and obtaining links and the latest updates from a designated social group.

Are you new to iPhone X, XR, XS & XS Max, or are you confused about their differences and similarities, or do you plan to buy a new iPhone or to will to know more about what you can do with your iPhone mobile phone? There are tips that you would not find in the official Apple resources, which we have put together in this comprehensive book for all iPhone users, especially for you, we have collected in this book the most common tips of the new iPhone X series. This is the complete guide for you, as you would get simplified follow-through instructions on every possible thing you should know about iPhone X, XR, XS & XS Max, how you can customize the iPhone as well as amazing Tips & tricks you never would find in the original iPhone manual. If you have not purchased it yet, and want to try iPhone X, you have nothing to worry about, because this book has a lot of information, tips and tricks for the perfect mobile phone that would improve your user experience and life. The whole process is as fast as you can imagine. Only a few steps will require some technical approach and workarounds that would turn you into an iPhone geek and guru in no time. This simplified book would also get you equipped with basic knowledge on how to take the maximum advantage of your iCloud, iPhone camera like a professional photographer, how to troubleshoot & fix some iPhone problems yourself without stress, advanced tips and tricks that will make you a Pro in less than 30minutes of reading this book, and lot more. Also, this book is simple enough to understand and a follow-through guide suitable for kids, adolescents, teens, and adults, even for beginners or dummies, seniors, or an expert in the computer and technology niche. Phila Perry's book helps you accomplish everything you would need to know and learn in a more simplified and enjoyable form. After reading this, you can use your phone to the fullest.

Licensed private investigator Culligan has prepared a directory that tells how to locate anyone, anywhere through driver's license records, car/boat registration, birth, death, marriage, and divorce records, armed forces records, and other sources. His cases have appeared on Sally Jessy Raphael, Rescue 911, and Hard Copy. Over 3,700 addresses and contacts listed.

Books on repairing manufactured homes are nearly impossible to find. If one is found, it's either outdated or lacking real information. This manual has changed all that. Designed for homeowners as well as contractors, "The manual for manufactured/mobile home repair and upgrade" is packed full of useful repair techniques. But it's more than just doing repairs, it's also about upgrading and improving a manufactured home. For instance, not only will you learn how to stop a metal roof from leaking, you'll also discover an inexpensive way to replace it. Want to relevel your own home? This manual gives you step by step instructions. Need to replace your waterlines? Then you can't miss the information found here. Even if you don't do your own repairs, this manual will give you invaluable knowledge of how a repair should be performed so when you do seek a contractor, you know the right questions to ask. Written by a contractor, this manual should be required reading for every owner of a manufactured home.

PUBLISHERS WEEKLY: "An unusually lighthearted apocalyptic tale." Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

Keeping your financial house in order is more important than ever. But how do you deal with expenses, debt, taxes, and retirement without getting overwhelmed? This book points the way. It's filled with the kind of practical guidance and sound insights that makes J.D. Roth's GetRichSlowly.org a critically acclaimed source of personal-finance advice. You won't find any get-rich-quick schemes here, just sensible advice for getting the most from your money. Even if you have perfect credit and no debt, you'll learn ways to make your rosy financial situation even better. Get the info you need to make sensible decisions on saving, spending, and investing Learn the best ways to set and achieve financial goals Set up a realistic budget framework and learn how to track expenses Discover proven methods to help you eliminate debt Understand how to use credit wisely Win big by making smart decisions on your home and other big-ticket items Learn how to get the most from your investments by avoiding rash decisions Decide how -- and how much -- to save for retirement
