## **URBANIZATION AND DEVELOPMENT**

Therefore, while it is true that urbanization has substantial poverty-reduction effects on populations, governments need to be more acutely aware of the risks of urban poverty, and the need for urban investment to complement rural investments in poverty-reduction. Urban growth must be paired with appropriate policies, institutions, and strategies to mitigate the risks of rising urban poverty.

## **Urban Poverty & Slums: The Future of Poverty is Now**

Urbanization has the potential to usher in a new era of well-being, resource efficiency and economic growth. But cities are also home to high concentrations of poverty. Nowhere is the rise of inequality clearer than in urban areas, where wealthy communities coexist alongside, and separate from, slums and informal settlements.
