The professional development for online teaching and learning that you've been asking for An unprecedented pandemic may take the teacher out of the classroom, but it doesn't take the classroom out of the teacher! Now that you're making the shift to online teaching, it's time to answer your biggest questions about remote, digitally based instruction: How do I build and nurture relationships with students and their at-home adults from afar? How do I adapt my best teaching to an online setting? How do I keep a focus on students and their needs when they aren't in front of me? Jennifer Serravallo's *Connecting with Students Online* gives you concise, doable answers based on her own experiences and those of the teachers, administrators, and coaches she has communicated with during the pandemic. Focusing on the vital importance of the teacher-student connection, Jen guides you to: effectively prioritize what matters most during remote, online instruction schedule your day and your students' to maximize teaching and learning (and avoid burnout) streamline curricular units and roll them out digitally record highly engaging short lessons that students will enjoy and learn from confer, working with small groups, and drive learning through independent practice partner with the adults in a student's home to support your work with their child. Featuring simplified, commonsense suggestions, 55 step-by-step teaching strategies, and video examples of Jen conferring and working with small groups, *Connecting with Students Online* helps new teachers, teachers new to technology, or anyone who wants to better understand the essence of effective online instruction. Along the way Jen addresses crucial topics including assessment and progress monitoring, student engagement and accountability, using anchor charts and visuals, getting books into students' hands, teaching subject-area content, and avoiding teacher burnout. During this pandemic crisis turn to one of education's most trusted teaching voices to help you restart or maintain students' progress. Jennifer Serravallo's *Connecting with Students Online* is of-the-moment, grounded in important research, informed by experience, and designed to get you teaching well- and confidently-as quickly as possible. Jen will be donating a portion of the proceeds from *Connecting with Students Online* to organizations that help children directly impacted by COVID-19.

In *Writers Are Readers*, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.

"Why should I read?" Can your students answer that question? Do they have trouble seeing the importance that reading may have in their lives? Are they lacking motivation, both in academic and recreational reading? Do you think you can effectively teach reading strategies if students don't understand the benefits of literacy? In *Reading Reasons*, Kelly Gallagher offers a series of mini-lessons specifically tailored to motivate middle and high school students to read, and in doing so, to help them understand the importance and relevance reading will take in their lives. This book introduces and explains in detail nine specific "real-world" reasons why students should be readers. The book contains forty practical, classroom-tested and reproducible mini-lessons that get to the heart of reading motivation and that can be used immediately in English (as well as other content-area) classrooms. These easy-to-use motivational lessons serve as weekly reading "boostershots" that help maintain reading enthusiasm in your classroom from September through June. The mini-lessons, ranging from five to twenty minutes in length, hit home with adolescents, and in turn, enable them to internalize the importance reading will play in their lives. Rather than telling students reading is good for them, the lessons in this book show them the benefits of reading.

Standards-Based Connections Reading for kindergarten offers focused skill practice in reading comprehension. A skill assessment will point out students' learning gaps. This allows teachers to choose appropriate student pages for individualized remediation. The student pages emphasize five important reading comprehension skills: summarizing, inferring, story elements, comparing and contrasting, and cause and effect. The book includes high-interest fiction and nonfiction, with texts about baby foxes, getting ready for school, bugs, jungle animals, and more. --Each 96-page book in the *Standards-Based Connections Reading* series includes a skill assessment, an assessment analysis, targeted practice pages, and an answer key, making this series an ideal resource for differentiation and remediation. The skill assessments and assessment analyses help teachers determine individualized instructional needs. And, the focused, comprehensive practice pages and self-assessments guide students to reflection and exploration for deeper learning!
