Summary. Since the first edition of The World Trading System was published in 1989, the Uruguay Round of trade negotiations has been completed, and most governments have ratified and are in the process of implementing the General Agreement on Tariffs and Trade (GATT). In the Uruguay Round, more than 120 nations negotiated for over eight years, to produce a document of some 26,000 pages.

Trading systems require a solid comprehension of technical analysis, and a knowledge of how parameters work to make decisions. Then you have to be able to make realistic suppositions, and then effectively employ the system. The last drawback is that the development of the system can consume a lot of your time.
