Unsurprisingly, investments in innovation are suffering. The executives in our survey strongly believe that they will return to innovation-related initiatives once the world has stabilized, the core business is secure, and the path forward is clearer.

Innovation in a crisis: Why it is more critical than ever ...

We support clients as they develop a clear innovation strategy that meets their business-growth targets and strategic objectives. We do this by helping clients understand the gap between actual and aspirational performance that innovation needs to fill, then set financial targets related to innovation, the metrics required to measure performance, and the strategic areas on which to focus investments.
