YOU WILL GET THE KNOWLEDGE THAT YOU CAN TAKE FROM NOWHERE ELSE!

With more than 500 million active users around the world and still growing steadily, Facebook is more than just another social media site. In the words of author Dave Awl, Facebook is " the new town square " —the place where people gather to discuss the news of the day as well as share what ' s going on in their lives. And Facebook can actually be a useful business tool as well as a great way to promote creative projects. So what's new in the second edition of Facebook Me? Facebook has changed dramatically since the book was first published, and this newly revised and expanded edition will bring readers up to speed on all the new features and interface elements that have been added and revamped in the time since. It addresses the ongoing controversies about Facebook's privacy policies, with detailed coverage of Facebook's privacy settings and advice for keeping your Facebook experience as secure as possible; as well as expanded info on Facebook's sharing tools and how to control who sees what. It includes a brand-new chapter called Advertising and Promoting on Facebook that shows you how to apply the principles of social media marketing specifically to Facebook's user culture, in order to maximize the "ripple effect" of Facebook's news feed to win new fans and customers and build stronger bonds with existing ones. Plus there's an expanded chapter on "Facebook at Work"—how to keep your profile professional, avoid getting in trouble, and use Facebook for job hunting. And in the etiquette department, this edition features new guidance on how to deal with conflict and avoid flame wars between Facebook friends. All in all, Facebook Me! takes you on a guided tour of everything Facebook has to offer and shows you how to get the most out of the time you spend there, while helping you avoid some of its pitfalls! Find out what you can do on Facebook, and what it can do for you. Reconnect with old friends and make new ones, let your friends know what you ' re up to, and share photos or video—all while protecting your privacy. Learn Facebook etiquette: how and why to friend someone, how to socialize politely, whether you should friend your boss—and how to keep your profile looking professional if you do. Publicize your projects, business, or causes: Post to your Wall, set up a Page, organize a Group, or invite friends to Events. Discover how to use Facebook ' s News Feed to connect with an audience that reaches far beyond the boundaries of your own friends list. Look for the Facebook Me! page on Facebook to connect with the author and other readers of this book!

Ryan Hartwig may be one of the most important figures in American history. Hired by Cognizant as a content moderator for Facebook, Ryan Hartwig began by keeping gruesome images of cartel violence in Mexico off the platform. This seemed like a righteous mission and yet, as time went by, it became clear the Facebook bosses saw an even bigger threat, Americans of a different political viewpoint. Ryan watched in horror as Facebook made a monumental shift after the 2016 elections, hiring thousands of US-based content moderators with one mission, to favor leftist viewpoints while suppressing the speech of conservatives. Ryan describes more than forty examples of such behavior, and it will radically rewrite your understanding of the past four years as you learn how the news regarding prominent individuals like Greta Thunberg, Alyssa Milano, and Don Lemon was censored to remove legitimate criticism of them. Viral videos of Trump supporters being attacked were removed from the platform, and moderators were told to look for signs of hate speech in Trumps' State of the Union addresses, while at the same time allowing vicious attacks against police, pro-lifers, and straight white males. As America's de-facto town square, Facebook was systematically suppressing free speech, which has traditionally been our country's greatest weapon to combat extremism from either side. Ryan knew he had to take action, and contacted Project Veritas, eventually filming many of these actions with a hidden camera for the world to see. We need to stand up against tech tyranny and corporations that attempt to control our conversations, our news, and our political narratives. Reading Behind the Mask of Facebook: A Whistleblower ' s Shocking Story of Big Tech Bias and Censorship is the first step to learning how to confront and defeat this tyranny.

Add Facebook to your marketing plan—and watch your sales grow With 2 billion monthly active users across the world, Facebook has evolved into a community of consumers, creating a primary resource for marketers. This presents a demand for knowledge about how to strategically plan, execute, and analyze a successful Facebook marketing campaign. Now, the trusted Facebook Marketing For Dummies has been fully updated to cover the newest tools and features important to marketers and Facebook page owners. If you ' re a marketer looking to effectively add Facebook to your overall marketing mix, consider this book the mecca of Facebook marketing. Inside, you'll discover the psychology of the Facebook user, establish a social media presence, increase your brand awareness, integrate Facebook marketing with other marketing strategies, learn to target a specific audience, and much more. Develop a desirable community Sell products and services Use Facebook events to drive sales Get new business tips and avoid common mistakes Whether you're a novice or a pro, you ' re no stranger to the power of Facebook. And this book makes Facebook marketing that much more exciting and easy!

Facebook is by far the most popular social networking site, but it is not as user-friendly as the service would like people to think. It leaves many users scratching their heads over even the most fundamental features, such as the difference between their Wall and their News Feed. And Facebook's help system is woefully inadequate. The Complete Idiot's Guide® to Facebook, Third Edition, gets readers registered and touring Facebook in the very first chapter and never lets up as it reveals the features that have made Facebook so amazingly popular. Users discover how to: - Flesh out and protect the all new personal profile - Track down long lost friends, family members, and classmates - Communicate via status updates, email, and chat - Share photos and video - Make the best use of the new Timeline feature - Take advantage of Facebook's new location-based functionality - Schedule real world get-togethers and send out invitations - Share common interests in groups - Play games - Understand Facebook's dizzying array of privacy options that dictate who sees one's content - Buy and sell stuff in the Facebook Marketplace, and more. Readers also learn how to tap the power of Facebook for more than simply personal use-such as personal branding; marketing a business, product, service, or non profit; or promoting a worthy cause.

Great new edition covers what you need to know for successful Facebook marketing Facebook keeps evolving, and so does the social mediasphere. Essential Law for Marketers doesn't assume any prior knowledge and has been designed to make UK and EU laws and regulations accessible for marketers at all levels. Jargon-free and easy to follow, it's widely acknowledged by professional bodies and legal experts as a masterful digest of all the main legal principles that need to be understood by sales and marketing professionals working in Europe. Written by one of the world's leading experts of sales and marketing law, this updated second edition of Essential Law for Marketers helps steer the reader through the legal minefield and provides unique strategies for using the law as a sales and marketing weapon in order to achieve competitive advantage. It covers making agreements; making statements in sales and marketing; legal barriers to market entry; legal requirement for sales and marketing activities; direct marketing and direct selling; EU Privacy and Electronic Communications Regulations; sales and price promotions; prize promotions and incentives and sponsorship and hospitality.

This collection highlights and extends contemporary women's and gender studies by presenting theoretical analyses and innovative research conceptualizations, applications and methodologies via a diverse variety of popular-in-the-classroom topics, such as changing masculinities; comedic/dramatic portrayals of ethnicity and discrimination; stigma and differences within mainstream media gender stereotypes; intersections of gendered and sexual identities in social media and fundamental institutions. These topics emphasize relevant issues and nuances within popular culture, identities and perceptions and social problems and illustrate the breadth of gender studies and its applications, while the diverse methodologies like historical comparisons; ethnographic, demographic and statistical analyses, demonstrate its epistemology. Each chapter remains solidly founded in gender theory while making significant innovative contributions to the overall field.
