This full-color manual is the required student text for the Family & Friends(R) CPR course. General Overview This item is the student manual for the instructor- or facilitator-led Family & Friends CPR course. This course uses the research-proven practice-while-watching format, and can be taught by American Heart Association instructors or led by facilitators such as community members, family members, or friends who wish to help pass on lifesaving CPR skills. Fast and affordable, this course is an ideal option for members of the general public who want to learn CPR in an instructor-led or facilitated group environment and do not need certification. Manual is based on the 2010 American Heart Association Guidelines for CPR and ECC. Key Features and Benefits This compact manual includes information on: \* Hands-Only(TM) CPR \* adult AED use \* child CPR and AED use \* infant CPR \* adult, child, and infant choking relief. Dimensions and Specifications Shrink-wrapped in packages of 5 5 1/2" x 8 1/2" 64 pages Full-color, softcover book

ARISE Teen ANGER DANGER: 50+ Anger Stories with Real-Life Consequences: These 50+ memorable stories about teens dealing with anger and the consequences of their choices will help youth hit the stop button on their anger by outthinking, not outfighting. This book makes a perfect addition to the current ARISE anger management curricula. This anger management book contains 212 pages of stories, posters and activities about anger.

- Guides students in the preparation of literature reviews for term projects, theses, and dissertations.
- Most chapters are conveniently divided into easy-to-follow guidelines, sequential steps, or checklists. Numerous examples throughout the book show students what should and should not be done when writing reviews.
- Emphasizes critical analysis of reports of empirical research in academic journals—making it ideal as a supplement for research methods courses. This book makes it possible for students to work independently on a critical literature review as a term project.
- Nine model literature reviews at the end of the book provide the stimulus for homework assignments and classroom discussions.
- The activities at the end of each chapter keep students moving toward their goal of writing a polished, professional review of academic literature.
- Most examples include material from recently published research. Includes nine model literature reviews for discussion and evaluation.
