This volume is the sequel to Karl Schefold's Myth and Legend in Early Greek Art, and the second in his ambitious project to trace the representation of the Greek myths in Greek art from the beginnings down to the Hellenistic period.

The travelling storyteller combined many talents: scholar, educator, linguist, poet and musician. He showed learning, curiosity and judgement, but most of all he could not resist a good story. True to their original telling and stripped of the sanitization of later centuries, these powerful tales make compelling reading. The traveller's tales are shaped by the landscape, character, tradition and weather of the stops along his journey: standing below the snow-streaked, cloud-capped massif of Olympus, he feels the awe and majesty of the gods. In the wilderness of Thessaly, menaced by bears and wolves, he recognises the cruel, barbarian anger of Achilles and the ferocious extravagance of Hercules. In soft Eleusis, strong wine at the day's end brings him to the Mysteries of Dionysus and the Bacchic frenzy. The Mycenaean ruins impress on him the workings of the hand of fate: the frailty of empire, the waste of the ten year's Trojan war, the horror of Agamemnon's domestic grief. Under the illumination of the startling Greek light the storyteller interprets for his listeners the sense they have of themselves. His stories of myth and legend are the oldest speculations of the first deep-thinking people of Europe. They are also the first and longest-lasting entertainments of the European imagination.

A retelling of the greatest myths and legends of the ancient Greek gods and heroes for readers of all ages by a celebrated historical novelist. In the ancient past, the Gods and Goddesses of ancient Greece lived on Mount Olympus and ruled the world of mortals. Famous heroes shaped the course of history, beautiful women drew the gazes of gods and men alike, and the gods were both fickle in their favors and breathtakingly generous to those they smiled upon. From Midas' tragic gift to the exploits of Hercules and the curse of Pandora, renowned classicist and historical novelist Robert Graves brings the legends of ancient Greece to life in a lively, accessible way that's sure to appeal to everyone; from children to adults, and from casual readers to serious scholars.

The nature of Slavic pagan religion remains obscure. There is no consensus among scholars, and neo-pagan movements do not supply the demand for objective information. This work is a reexamination of the sources, particularly the medieval chronicles; it deconstructs the Slavic pagan pantheon, and presents Slavic gods as relatively late and artifi

The essential guide to more than 540 supernatural figures of Greek mythology—as well as notable mortals—from Acantha the nymph to Zeus, king of the gods. Do you know the story behind Pandora's Box, or the difference between Hercules and Heracles? Turn to this alphabetic encyclopedia, with more than 540 entries detailing all the major and minor characters, events, and settings of Greek mythology, from an introduction to the nymph Acantha to a succinct characterization of Zeus, the all-powerful ruler of the gods. This invaluable reference covers all types of heroes, gods, demigods, creatures, demons, and notable mortals, with their classic stories retold in riveting summaries. This comprehensive guide brings Greek mythology to life, and includes a helpful pronunciation key.

Meet the Original Superheroes. Before there was Batman, Wonder Woman, or Black Panther...there was Indra, Hindu king of gods, who battled a fearsome snake to save the world from drought. Athena, the powerful Greek goddess of wisdom who could decide the fate of battles before they even began. Okuninushi, the Japanese hero who defeated eighty brothers to become king and then traded it all for a chance at immortality. Featuring more than 70 characters from 23 cultures around the world, this A-to-Z encyclopedia of mythology is a who's who of powerful gods and goddesses, warriors and kings, enchanted creatures and earthshaking giants whose stories have been passed down since the beginning of time—and are now given fresh life for a new generation of young readers. Plus, You'll Learn All About: Dragons: The Hydra, St. George's Dragon, and the Australian Rainbow Snake Giants: Grendel, Balor of the Evil Eye, Polyphemus, and the Purusha with the thousand heads Monsters: Manticore, Sphinx, Minotaur, Thunderbird, and Echidne, mother of the Nemean lion that nearly killed Heracles Underworlds: Travel to Hades, Valhalla, and the Elysian Fields

As archetypes of human virtue and vice, the gods and heroes of ancient Greece and Rome have figured prominently in Western culture. In

art, they have been portrayed time and time again, especially during the Renaissance, Baroque, and Neoclassical periods. *Gods and Heroes in Art* aims to help museum patrons and art lovers recognize the legendary characters of classical antiquity in art. The characters are each described in entries summarizing their distinctive stories, their special attributes, and the ways in which artists have depicted them. Each entry is richly illustrated with reproductions of works of art in which the god or hero is pictured, giving readers a chance to examine images of the character and to understand the work of art better. The informative guide first surveys the pantheon of the Greco-Roman world, then focuses on characters from the Trojan War and *The Odyssey*. The next sections describe kings, philosophers, warriors, and other historical figures. The book concludes with useful indexes, including a list of iconographic symbols associated with the subjects, and a bibliography of essential resources.

Gods and Heroes is the first volume of the *Itan—Legends of the Golden Age* trilogy about the thousand-year story of the Yoruba people. It starts with the establishment of Ile-Ife by Oduduwa and the great sacrifice of the heroine Moremi. The ancient gods of Yorubaland, Obatala, Orunmila, Ogun, and Olokun all play their part, as well as the great heroes and heroines of antiquity—Oranmiyan, Sango, Oya, Oba Esigie of Benin, and Obanta of Ijebuland. The author uses the genre of the historical novel in a refreshing and imaginative fashion to present the whole tableau of Yoruba history. The result is a vast and rich panorama enlivened with traditional myths and legends seen through the eyes of a single Yoruba family and the Old Woman, the fabled storyteller.
