Crystal healing is wonderful way to soothe anger. These stones and crystals provide calming support when you're feeling angry, stressed, or frustrated. Here are a few ways that you can use anger crystals: Elixirs are a good way to absorb the healing energy of crystals.

10 Healing Crystals for Anger and Irritability

Harness the Healing Power of Your Loved One's Anger Anger is a basic emotion experienced by all. Like every emotion, for anger to run its course, it needs to be expressed and then validated, and preferably by a trusted other. We are now just learning about the power of its role in mental health.

In this book the Dalai Lama shows how through the practice of patience and tolerance we can overcome the obstacles of anger and hatred. He bases his discussion on A Guide to the Bodhisattva's Way of Life, the classic work on the activities of Bodhisattvas--those who aspire to attain full enlightenment in order to benefit all beings. The techniques and methods presented are relevant not only for Buddhist practitioners but for all who seek to improve themselves. Through these teachings and by his own example, the Dalai Lama shows the power that patience and tolerance have to heal anger and to generate peace in the world.

How to turn anger into a productive force in the Christian's life, releasing forgiveness and restoring relationships.

Do you find yourself: • Becoming so angry you have trouble thinking? • Acting impulsively during angry outbursts? • Getting so mad that you feel out of control of your actions? If these strong, sudden bursts of anger sound all too familiar, you know the impact they have over your life. Over time, these responses can actually hard-wire our brains to respond angrily in situations that normally wouldn't cause us to lose our cool. These anger pathways in the brain can eventually disrupt your work, strain your relationships, and even damage your health. Written by anger management expert Ronald Potter-Efron, Healing the Angry Brain can help you short-circuit the anger cycle and learn to calmly handle even the most stressful interactions. You will learn which areas of your brain are causing your reactions and discover how to take control of your emotions by rewiring your brain for greater patience and perspective. This fascinating, scientific approach to anger management will yield long-term results, helping you develop greater empathy and put effective conflict resolution skills into practice for years to come.

In the face of systemic racism and state-sanctioned violence, how can we metabolize our anger into a force for liberation? White supremacy in the United States has long necessitated that Black rage be suppressed, repressed, or denied, often as a means of survival, a literal matter of life and death. In Love and Rage, Lama Rod Owens, coauthor of Radical Dharma, shows how this unmetabolized anger--and the grief, hurt, and transhistorical trauma beneath it--needs to be explored, respected, and fully embodied to heal from heartbreak and walk the path of liberation. This is not a book about bypassing anger to focus on happiness, or a road map for using spirituality to transform the nature of rage into something else. Instead, it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation. Love and Rage weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy, practical meditation exercises, mindfulness, tantra, pranayama, ancestor practices, energy work, and classical yoga. The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger--and yet who refuse to relent. It is a necessary text for these times.

A groundbreaking book, Emotional Wisdom reveals powerful ancient tools for transforming our painful emotions into happiness and health. So-called negative emotions are valuable messages that let us know we are out of balance. With compassion and humor, Taoist authors Mantak Chia and Dena Saxer explain the messages that anger, depression, fear, worry,

and stress offer us. They present three easy-to-learn twenty-minute internal energy practices, with helpful illustrations, to turn these imbalances into harmony and joy. They provide unusual nutritional advice for emotional healing and a Taoist First Aid section with proven natural remedies for minor ailments such as insomnia, indigestion, headaches, and overeating. Relevant quotes from the Tao Te Ching add inspiration to this practical, life-changing book.

Free yourself from anger, pain, and the past Have you ever felt betrayed, hurt, or wronged? Are you struggling to get over a nasty divorce, the death of a loved one, a shattered friendship, or broken family ties? This book will help you deal with conflicted emotions and find it in your heart to forgive. Written by Dr. Eileen R. Borris-Dunchunstang, an internationally known speaker on conflict resolution and trauma recovery, *Finding Forgiveness* offers a remarkably sensitive yet powerful approach to healing your heart, lifting your spirit, and finding the power to love, grow, and forgive. *The 7 Steps Toward Forgiveness* Clear your mind of negative thoughts that get in the way of your happiness. Uncover your feelings of bitterness, betrayal, victimization, and blame. Let go of your anger and move on with your life. Work through your guilt and learn to forgive yourself as well as others. Reframe the situation that hurt you and restore your faith in others. Absorb the pain of the past without the need for apologies or revenge. Gain inner peace through newfound compassion, understanding, and acceptance.

Conventional wisdom views anger as red-hot yelling and screaming, a force to be feared and repressed. But psychotherapist John Rifkin views anger in a revolutionary way -- as the natural energy created to heal one's emotional injuries. In "The Healing Power of Anger," Rifkin explains how to identify dysfunctional uses of anger so that readers can "unbend" it and become empowered and self-nurturing. To do so, he explains his Stop, Drop, and Roll system, which he's used with clients for more than 20 years. In addition, Rifkin explores the childhood roots of anger, the spectrum of angry behavior, how anger can be a gift to a relationship, and ice-cold passive-aggressive anger.

"We are all touched at some point by the dark emotions of grief, fear, or despair. In an age of global threat, these emotions have become widespread and overwhelming. While conventional wisdom warns us of the harmful effects of "negative" emotions, this revolutionary book offers a more hopeful view: there is a redemptive power in our worst feelings. Seasoned psychotherapist Miriam Greenspan argues that it's the avoidance and denial of the dark emotions that results in the escalating psychological disorders of our time: depression, anxiety, addiction, psychic numbing, and irrational violence. And she shows us how to trust the wisdom of the dark emotions to guide, heal, and transform our lives and our world.

In the days of extremism and severely divisive belief systems, learning patience and compassion practices (from the modern master of patience and compassion) is more valuable than ever. All of the world's major religions emphasize the importance of love, compassion, and tolerance. This is particularly true in the Buddhist traditions, which unanimously state that compassion and love are the foundation of all paths of practice. To cultivate the potential for compassion and love inherent within us, it is crucial to counteract their opposing forces of anger and hatred. In *Perfecting Patience*, the Dalai Lama shows how, through the practice of patience and tolerance, we can overcome the obstacles of anger and hatred. He bases his discussion on *A Guide to the Bodhisattva Way of Life*, the classic work on the activities of bodhisattvas—those who aspire to attain full enlightenment in order to benefit all beings. This book was previously published under the title *Healing Anger*.

A BEST BOOK OF 2018 SELECTION NPR * The Washington Post * Book Riot * Autostraddle * Psychology Today ***A BEST FEMINIST BOOK SELECTION*** Refinery 29, Book Riot, Autostraddle, BITCH *Rage Becomes Her* is an "utterly eye opening" (Bustle) book that gives voice to the causes, expressions, and possibilities of female rage. As women, we've been urged for so long to bottle up our anger, letting it corrode our bodies and minds in ways we don't even realize. Yet there are so, so many legitimate reasons for us to feel angry, ranging from blatant, horrifying acts of misogyny to the subtle drip, drip drip of daily sexism that reinforces the absurdly damaging gender norms of our society. In *Rage Becomes Her*, Soraya Chemaly argues that our anger is not only justified, it is also an active part of the solution. We are so often encouraged to resist our rage or punished for justifiably expressing it, yet how many remarkable achievements would never have gotten off the ground without the kernel of anger that fueled them? Approached with conscious intention, anger is a vital instrument, a radar for injustice and a catalyst for change. On the flip side, the societal and cultural belittlement of our anger is a cunning way of limiting and controlling our power—one we can no longer abide. "A work of great spirit and verve" (Time), *Rage Becomes Her* is a validating, energizing read that will change the way you interact with the world around you.
