In Healing as Vocation, editors Parsi and Sheehan reject such superficial notions of medical professionalism. They present the reader with a series of fine essays by some of the best writers in the field. Each of these pieces sheds light on a different aspect of the complex character of medical virtue and the healing profession.

Medieval medicine in Western Europe was composed of a mixture of existing ideas from antiquity. In the Early Middle Ages, following the fall of the Western Roman Empire, standard medical knowledge was based chiefly upon surviving Greek and Roman texts, preserved in monasteries and elsewhere. Medieval medicine is widely misunderstood, thought of as a uniform attitude composed of placing hopes ...
