One major change has been the shift in society's attitudes. People are becoming more accepting of mental health problems and more supportive of people with issues. They are more aware of common mental disorders such as depression and anxiety, and are more willing to talk to health professionals and seek treatment.

Victorian employers had no duty to safeguard the health of their employees. The floral wallpapers in prosperous parlours, and the brilliant leaves on fashionable hats, could kill the workers who had close contact with the arsenic in the green dye. (The French long suspected the British of poisoning Napoleon in his prison on St Helena, by decorating his bedroom with green-patterned wallpaper

The Barbican is the name given to the western and northern sides of Sutton Harbour, the original harbour of Plymouth in Devon, England. It was one of the few parts of the city to escape most of the destruction of The Blitz during the Second World War and the preceding era of slum clearance following the Public Health Act 1848. Two or three streets still retain some of the architecture of a ...
