Hollywood Warts N' All, Volume 2 eBook: Alan Royle ... I read "Hollywood Warts N' All, Volume 1 and Volume 2 together so this review will apply to both. I grew up hearing about a lot of the stars of Hollywood. As with many other women of the time, my mother was a huge fan and in her youth followed and kept scrapbooks on the Hollywood celebrities. My sister was even named after a Hollywood starlet.

Just when you thought you've heard everything about Hollywood comes a totally original new book - a special blend of biography, history and lore. Hollywood Stories is packed with wild, wonderful short tales about famous stars, movies, directors and many others who have been part of the world's most fascinating, unpredictable industry! Full of funny moments and twist endings, Hollywood Stories features an amazing, icons and will keep you totally entertained!

With Let's Go To The Movies I have researched the backgrounds of over 100 productions over several decades, the on-set problems; the relationships between the main players and the rest of the cast and crew, and anything at all that I found unusual or of interest along the way.

Murders, suicides, unexplained deaths, scandalous romances, illegitimate children, cover-ups, and more, from the 1920s to Hollywood's Golden Age in the 1960s and right up to the present day. It covers over 60 scandals including: The Roscoe 'Fatty' Arbuckle Scandal; Clark Gable's Baby Scandals; The Rape of Patricia Douglas; The Life and Death of Jean Harlow; The Sudden Death of James Dean; Marilyn Monroe's Mysterious Death; John Belushi Dies at the Chateau Marmont; Madonna's Hollywood Stalker; Hugh Grant's Hollywood Scandal; Winona Ryder Is Arrested For Shoplifting; The Brad Pitt, Jennifer Aniston and Angelina Jolie Love Triangle; The Tragic Life and Death of Anna Nicole Smith; The Life and Death of Michael Jackson; Arnold Schwarzenegger's Love Child; The Very Public Melt-Down of Charlie Sheen; The Rise and Fall of Whitney Houston; The Marriage of Tom Cruise and Katie Holmes and many, many more.

Everyone in Hollywood loved Andy Devine. For that matter, everyone in the country did. That's why he was in so many films. He also starred on radio, television, and on the New York stage. Just look at his credits in the back of this book and you will be amazed. He was discovered by accident, then struggled for many years, but success would be his. He would appear in some of the greatest films ever made. Andy Devine would be married to the same woman for forty-three years and they would live on a farm just outside Hollywood. They raised two sons who would graduate from college and be successful in their own right. In this book you will meet many Hollywood characters who were clever, funny and unpredictable. You will experience both the golden age of film and radio plus the early years of television. You will be involved with the deal makers and the deal breakers. Of note is that this book was not written by a ghostwriter who received his information from outside sources. No. It was written by Andy's youngest son who was always there. You will see that our author is a dramatic and compelling storyteller who will capture the reader. Just try to put it down!

INSTANT NEW YORK TIMES BESTSELLER " If you ' re a fan like I am this is definitely the book for you. " —Pete Davidson, actor, producer, and cast member on Saturday Night Live " Danny ' s incredible life story shows that even though we may fall down at some point in our lives, it ' s what we do when we stand back up that really counts. " —Robert Rodriguez, creator of Spy Kids, Desperado, and Machete Discover the full, fascinating, and inspirational true story of Danny Trejo ' s journey from crime, prison, addiction, and loss—It ' s " enough to make you believe in the possibility of a Hollywood ending " (The New York Times Book Review). On screen, Danny Trejo the actor is a baddie who has been killed at least a hundred times. He ' s been shot, stabbed, hanged, chopped up, squished by an elevator, and once, was even melted into a bloody goo. Off screen, he ' s a hero beloved by recovery communities and obsessed fans alike. But the real Danny Trejo is much more complicated than the legend. Raised in an abusive home, Danny struggled with heroin addiction and stints in some of the country ' s most notorious state prisons—including San Quentin and Folsom—from an early age, before starring in such modern classics as Heat, From Dusk till Dawn, and Machete. Now, in this funny, painful, and suspenseful memoir, Danny takes us through the incredible ups and downs of his life, including meeting one of the world ' s most notorious serial killers in prison and working with legends like Charles Bronson and Robert De Niro. An honest, unflinching, and " inspirational study in the definition of character " (Kevin Smith, director and actor), Trejo reveals how he managed the horrors of prison, rebuilt himself after finding sobriety and spirituality in solitary confinement, and draws inspiration from the adrenaline-fueled robbing heists of his past for the film roles that made him a household name. He also shares the painful contradictions in his personal life. Although he speaks everywhere from prison yards to NPR about his past to inspire countless others on their own road to recovery and redemption, he struggles to help his children with their personal battles with addiction, and to build relationships that last. Redemptive and painful, poignant and real, Trejo is a portrait of a magnificent life and an unforgettable and exceptional journey.

"During the golden age of American cinema, the character actor ' s contribution often goes unacknowledged or, though perhaps not forgotten, underappreciated: the unsung heroes. Hollywood studios had large stables of contract and stock players from all walks of life and in all shapes, sizes and ages. This great population of personalities formed the league of character actors. They played the sidekicks and best friends of the stars who headlined the movies in which they appeared. They also portrayed parents, grandparents, oddball relatives, wise-cracking neighbors, smart-aleck store clerks and lovable barkeeps. Lest we forget the sinister side of this society, villains also claimed a stake in this assembly of saints, sinners and every type in between. These colorful personalities were usually one-dimensional, someone to whom the star could confide secrets or vent frustrations. In many cases they carried the same persona over from one film to the next, perfecting their stereotype so that audiences knew what to expect from them in a positive and affectionate way, collecting their beloved favorites over the years. The Name Below the Title features 20 of the best and most fun examples of the Hollywood character actor during Hollywood's most famous era from the 1930s through the 1950s"--Amazon.com.

In 1969, a low-budget biker movie, Easy Rider, shocked Hollywood with its stunning success. An unabashed celebration of sex, drugs, and rock 'n' roll (onscreen and off), Easy Rider heralded a heady decade in which a rebellious wave of talented young filmmakers invigorated the movie industry. In Easy Riders, Raging Bulls, Peter Biskind takes us on the wild ride that was Hollywood in the '70s, an era that produced such modern classics as The Godfather, Chinatown, Shampoo, Nashville, Taxi Driver, and Jaws. Easy Riders, Raging Bulls vividly chronicles the exuberance and excess of the times; the startling success of Easy Rider and the equally alarming circumstances under which it was made, with drugs, booze, and violent rivalry between costars Dennis Hopper and Peter Fonda dominating the set; how a small production company named BBS became the guiding spirit of the youth rebellion in Hollywood and how, along the way, some of its executives helped smuggle Huey Newton out of the country; how director Hal Ashby was busted for drugs and thrown in jail in Toronto; why Martin Scorsese attended the Academy Awards with an FBI escort when Taxi Driver was nominated; how George Lucas, gripped by anxiety, compulsively cut off his own hair while writing Star Wars, how a modest house on Nicholas Beach occupied by actresses Margot Kidder and Jennifer Salt became the unofficial headquarters for the New Hollywood; how Billy Friedkin tried to humiliate Paramount boss Barry Diller; and how screenwriter/director Paul Schrader played Russian roulette in his hot tub. It was a time when an "anything goes" experimentation prevailed both on the screen and off. After the success of Easy Rider, young film-school graduates suddenly found themselves in demand, and directors such as Francis Coppola, Peter Bogdanovich, George Lucas, and Martin Scorsese became powerful figures. Even the new generation of film stars -- Nicholson, De Niro, Hoffman, Pacino, and Dunaway -- seemed a breed apart from the traditional Hollywood actors. Ironically, the renaissance would come to an end with Jaws and Star Wars, hugely successful films that would create a blockbuster mentality and crush innovation. Based on hundreds of interviews with the directors themselves, producers, stars, agents, writers, studio executives, spouses, and ex-spouses, this is the full, candid story of Hollywood's last golden age. Never before have so many celebrities talked so frankly about one another and about the drugs, sex, and money that made so many of them crash and burn. By turns hilarious and shocking, Easy Riders, Raging Bulls is the ultimate behind-the-scenes account of Hollywood at work and play.

Certain symbols abound in modern Western culture that are instantly recognizable: the cross signifies Christianity, the six-pointed Star of David is revered by Jews, the golden arches frequently means it's time for lunch. Other symbols, however, require a bit of decoding—particularly those found in cemeteries. Cemeteries are virtual encyclopedias of symbolism. Engravings on tombstones, mausoleums and memorials tell us just about everything there is to know about a person— date of birth and death as well as religion, ethnicity, occupation, community interests, and much more. In the fascinating new book Stories in Stone: The Complete Guide to Cemetery Symbolism by noted author Douglas Keister, the secrets of cemetery symbolism are finally revealed. For instance, did you know that it is quite rare to see a sunflower on a tombstone? Did you know that the human foot symbolizes humility and service since it consistently touches the earth? Or the humble sheaf of wheat-while it is often used to denote someone who has lived a long and fruitful life, do you know other meanings it might carry? Stories in Stone provides history along with images of a wide variety of common and not-so-common cemetery symbols, and offers an in-depth examination of stone relics and the personal and intimate details they display—flora and fauna, religious icons, society symbols, and final impressions of how the deceased wished to be remembered. Douglas Keister has created a practical field guide that is compact and portable, perfect for those interested in family histories and genealogical research, and is the only book of its kind that unlocks the language of symbols in a comprehensive and easy-to-understand manner. Douglas Keister has photographed fourteen award-winning, critically acclaimed books (including Red Tile Style: America's Spanish Revival Architecture, The Bungalow: America's Arts & Crafts Home, and Storybook Style: America's Whimsical Homes of the Twenties) earning him the title "America's most noted photographer of historic architecture." He also writes and illustrates magazine articles and contributes photographs and essays to other books, calendars, posters, and greeting cards. Doug lives in Chico, California, and travels frequently to photograph and lecture on historic architecture and photography.

The behind-the-scenes story of the iconic funnymen who ruled '80s Hollywood—Bill Murray, Steve Martin, Chevy Chase, John Belushi, Dan Aykroyd, and Eddie Murphy—and the beloved films that made them stars, including Animal House, Caddyshack, and Ghostbusters NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NEW YORK " An enjoyable romp that vividly captures the manic ups and downs of the remarkable group of funny folk who gave us a golden age of small and big screen comedy, from SNL to Groundhog Day. " —Peter Biskind, author of Easy Riders, Raging Bulls Wild and Crazy Guys opens in 1978 with Chevy Chase and Bill Murray taking bad-tempered swings at each other backstage at Saturday Night Live, and closes 21 years later with the two doing a skit in the same venue, poking fun at each other, their illustrious careers, triumphs and prat falls. In between, Nick de Semlyen takes us on a trip through the tumultuous '80s, delving behind the scenes of movies such as National Lampoon's Vacation, Beverly Hills Cop, The Blues Brothers, Dirty Rotten Scoundrels, and dozens more. Chronicallying the off-screen, larger-than-life antics of Bill Murray, Chevy Chase, Steve Martin, Dan Aykroyd, Eddie Murphy, John Belushi, John Candy, and Rick Moranis, it's got drugs, sex, punch-ups, webbed toes, and Bill Murray being pushed into a swimming pool by Hunter S. Thompson while tied to a lawn chair. What's not to like? Based on candid interviews from many of the stars themselves, as well as those in their immediate orbit, including directors John Landis, Carl Reiner, and Amy Heckerling, Wild and Crazy Guys is a fantastic insider account of the friendships, feuds, triumphs, and disasters experienced by these beloved comedians. Hilarious and revealing, it is both a hidden history of the most fertile period ever for screen comedy and a celebration of some of the most popular films of all time. Praise for Wild and Crazy Guys " Eminently readable. . . Children of the 1980s, take note: this is a fond, engrossing look back at the making of movies that became cultural touchstones. " —Booklist (starred review) " Nick de Semlyen smartly charts the pinballing career paths of the stars of this new comic wave. . . His punchy, nonstop narrative . . . tells a [story] where art and commerce smash hard against each other, sometimes causing destruction, but sometimes making sparks fly. " —The Sunday Times (UK)
