One day when Jesus was teaching, "the power of the Lord was present for Him to heal the sick" (Luke 5:17). His same power is present in every believer today. Drawing from her experience as a worldwide healing ministry, Joan Hunter desires to help equip the church to receive and to minister God's miraculous healing in the four corners of the world. Many believers want to understand: How can I receive and retain healing? Why would God use me? What's the best way to approach someone who needs healing? How can I effectively pray for healing? The answers to these and other questions—plus practical guidance and examples—are designed to help believers fulfill the Great Commission: "Go into all the world, and preach the gospel to every creature... lay hands on the sick, and they shall recover...(Mark 16:15, 18b).

Gabriel is a boy who has just lost everything. His parents have died and he's forced to move to a strange country, France, to find a new home. He dislikes his crazy aunt, who he has to live with, he doesn't want to learn French, and to make matters worse, the only real family he has left is his whiny baby brother. Despite all this, as soon as Gabriel enters his aunt's ancient castle, he realizes that all these disasters might be the beginning of a grand adventure. In the castle of Chateau Larcher, the walls groan and the attic talks. Shadows take on strange shapes and Gabriel becomes convinced the castle is haunted. But the ghosts in Chateau Larcher aren't what Gabriel expects and he soon learns that skeletons aren't always scary and ghosts can tell the most interesting stories.

A manual for the modern hunter-gatherer that will teach you everything you need to know about foraging, hunting, and cooking in the wild. From finding wild edible plants to subsistence hunting, you'll learn how to live off the land while hunting like a caveman—and eating like a king. With high-quality design, intricate detail, and a durable flexicover, this manual is the perfect addition to any outdoor enthusiast's library. Whether you're using modern tools, old-fashioned snares, or your own two hands, this book will show you the amazing range of hands-on (literally!) methods for catching and cooking your prey. Use the detailed field guides to gather edible plants, nuts, and mushrooms, then turn them into gourmet meals with field-tested camp cooking tips. And prepare for any emergency, whether you're lost in the woods or surviving a natural disaster. This book demystifies it all, with simple hints and step-by-step illustrations to make you a self-sufficient survivor—in your backyard or in the wild.
