International Boundary Cases The Continental Shelf Vols 1 ...

There are a dozen large bilateral drainage basins, or groups of small basins, for which the International Joint Commission (IJC) has responsibility under the Boundary Waters Treaty of 1909. Many of these basins, and their subbasins, have water-sharing agreements where rivers flow north or south across the border or form the border.

Continental Effects (North America) | Natural Resources Canada

The decision of the ad hoc court of arbitration on the delimitation of the continental shelf between the United Kingdom and France is undoubtedly the most important addition to the body of law relating to the delimitation of the continental shelf since the decision of the International Court of Justice in the North Sea Continental Shelf cases. The reasons for the decision will be of particular ...

Delimitation of the Continental Shelf between the United ...

In its Judgment, delivered on 20 February 1969, the Court found that the boundary lines in question were to be drawn by agreement between the Parties and in accordance with equitable principles in such a way as to leave to each Party those areas of the continental shelf which constituted the natural prolongation of its land territory under the sea, and it indicated certain factors to be taken ...
