?The seventh edition of International Financial Management incorporates significant changes that have taken place in the global financial architecture as well as in the Indian regulatory structures. This edition extensively covers recent developments in the forward market as well as also discusses establishment of organizations like CCIL and its role in the Indian foreign exchange market. It continues to discuss case studies which illustrate substantive practical applications of concepts and techniques discussed in the chapters. Salient Features ? Coverage on Financial Swaps and

## Read PDF International Finance 6th Edition Eun

Credit Derivatives which provides an introductory description of the major prototypes of financial swaps and their applications ? Comprehensive coverage on Management of Interest Rate Exposure which covers a wide range of interest rate derivatives ? Textbook has discussions pertaining to the Indian economy, Indian financial markets and Indian regulatory aspects

Cross-border transactions involve a variety of financial operations, including arbitrage, hedging, speculation, financing and investment. These inter-related operations give rise to foreign exchange exposure and affect the overall financial performance of multinational firms. The book

## Read PDF International Finance 6th Edition Eun

Reunited aims to provide an integrated treatment of multinational financial operations, whilst taking into account some real world complexities such as bid/offer spreads, transaction costs, capital rationing, and market imperfections.

International Financial Management provides students with a foundation for analysis through a text that is well-organized, comprehensive, and provides up-to-date coverage of the topics. Like the first eight editions, it is written based on two tenets: emphasis on the basics and emphasis on a managerial perspective. The scope and content of international finance have been

## Read PDF International Finance 6th Edition Eun

fast evolving due to cycles of deregulations and regulations of financial markets, product innovations, and technological advancements. As capital markets of the world are becoming more integrated, a solid understanding of international finance has become essential for astute corporate decision making. Reflecting the growing importance of international finance as a discipline, we have seen a sharp increase in the demand for experts in the area in both the corporate and academic worlds. International Financial Management discussion is written so that a self-contained treatment of each subject is presented in a user-friendly fashion. The text is
