A James Beard Award-winning writer captures life under the Red socialist banner in this wildly inventive, tragicomic memoir of feasts, famines, and three generations Born in 1963, in an era of bread shortages, Anya grew up in a communal Moscow apartment where eighteen families shared one kitchen. She sang odes to Lenin, black-marketeered Juicy Fruit gum at school, watched her father brew moonshine, and, like most Soviet citizens, longed for a taste of the mythical West. It was a life by turns absurd, naively joyous, and melancholy—and ultimately intolerable to her anti-Soviet mother, Larisa. When Anya was ten, she and Larisa fled the political repression of Brezhnev-era Russia, arriving in Philadelphia with no winter coats and no right of return. Now Anya occupies two parallel food universes: one where she writes about four-star restaurants, the other where a taste of humble kolbasa transports her back to her scarlet-blazed socialist past. To bring that past to life, Anya and her mother decide to eat and cook their way through every decade of the Soviet experience. Through these meals, and through the tales of three generations of her family, Anya tells the intimate yet epic story of life in the

USSR. Wildly inventive and slyly witty, Mastering the Art of Soviet Cooking is that rare book that stirs our souls and our senses.

Born in a surreal Moscow communal apartment where eighteen families shared one kitchen, Anya von Bremzen grew up singing odes to Lenin, black-marketeering Juicy Fruit gum at school, and longing for a taste of the mythical West. It was a life by turns absurd, drab, naively joyous, melancholy and, finally, intolerable. In 1974, when Anya was ten, she and her mother fled to the USA, with no winter coats and no right of return. These days, Anya is the doyenne of high-end food writing. And yet, the flavour of Soviet kolbasa, like Proust's madeleine, transports her back to that vanished Atlantis known as the USSR . In this sweeping, tragicomic memoir, Anya recreates seven decades of the Soviet experience through cooking and food, and reconstructs a moving family history spanning three generations. Her narrative is embedded in a larger historical epic: Lenin's bloody grain requisitioning, World War II starvation, Stalin's table manners, Khrushchev's kitchen debates, Gorbachev's disastrous anti-alcohol policies and the ultimate collapse of the USSR. And all of this is bound together by Anya's sardonic wit, passionate nostalgia and piercing observations. Mastering the Art of Soviet Cooking is a book that stirs the soul as well

as the senses.

Evokes a mid-twentieth-century Soviet experience, as the author traces her upbringing by an anti-Soviet mother, her witness to the political events surrounding the empire's collapse, and her parallel food universes that included both simple and sumptuous fare.

More than 350 recipes from all fifteen republics of the Soviet Union offer samples of the country's vast diversity--from the robust foods of the Baltic states, to the delicate pilafs of Azerbaijan

This Collection of Original Essays gives surprising insights into what foodways reveal about Russia's history and culture from Kievan times to the present. A wide array of sources - including chronicles, diaries, letters, police records, poems, novels, folklore, paintings, and cookbooks - help to interpret the moral and spiritual role of food in Russian culture. Stavelore in Russian folklife, fasting in Russian peasant culture, food as power in Dostoevsky's fiction, Tolstoy and vegetarianism, restaurants in early Soviet Russia, Soviet cookery and cookbooks, and food as art in Soviet paintings are among the topics discussed in this appealing volume.

This book contains over 60 recipes, each

# Download Ebook Mastering Art Soviet Cooking Longing Ebook

introduced with an insightful historical story or anecdote, and an accompanying image, spanning such delicacies as aspik, borscht, caviar and herring, by way of bird's milk cake and pelmeni. As the Soviet Union struggled along the path to Communism, food supplies were often sporadic and shortages commonplace. Day to day living was hard, both the authorities and their citizens had to apply every ounce of ingenuity to maximize often inadequate resources. The stories and recipes contained here reflect these turbulent times: from basic subsistence meals consumed by the average citizen (okroshka), to extravagant banquets held by the political elite (suckling pig with buckwheat), and a scattering of classics (beef stroganoff) in between. Illustrated using images sourced from original Soviet recipe books collected by the author. Many of these sometimes extraordinary-looking pictures depicted dishes whose recipes used unobtainable ingredients, placing them firmly in the realm of 'aspirational' fantasy for the average Soviet household. In their content and presentation the pictures themselves act as a window into cuisine of the day, in turn revealing the unique political and social attitudes of the era.

"Joyce Toomre... has accomplished an enormous task, fully on a par with the original author's slave labor. Her extensive preface and her detailed and entertaining notes are marvelous." –Tatyana Tolstaya, New York Review of Books "A classic Russian Cooking is a book that I highly recommend. Joyce Toomre has done a marvelous job of translating this valuable and fascinating source book. It's the Fanny Farmer and Isabella Beeton of Russia's 19th century." –Julia Child, Food Arts "This is a delicious book, and Indiana University Press has served it up beautifully." –Russian Review "... should become as much of a classic as the Russian original... dazzling and admirable expedition into Russia's kitchens and cuisine." –Slavic Review "It gives a delightful and fascinating picture of the foods of pre-Communist Russia." –The Christian Science Monitor First published in 1861, this "bible" of Russian homemakers offered not only a compendium of recipes, but also instructions about such matters as setting up a kitchen, managing servants, shopping, and proper winter storage. Joyce Toomre has superbly translated and annotated over one thousand of the recipes and has written a thorough and fascinating introduction which discusses the

history of Russian cuisine and summarizes Molokhovets' advice on household management. A treasure trove for culinary historians, serious cooks and cookbook readers, and scholars of Russian history and culture.

The essays of *Russian Cuisine in Exile* re-imagine the identities of immigrants through their engagement with Russian cuisine. Richly illustrated and beautifully produced, the book has been translated "not word for word, but smile for smile," to use the phrase of Vail and Genis's fellow émigré writer Sergei Dovlatov, and features copious authoritative and occasionally amusing commentaries.

How do Muslims relate to Islam in societies that experienced seventy years of Soviet rule? How did the utopian Bolshevik project of remaking the world by extirpating religion from it affect Central Asia? Adeb Khalid combines insights from the study of both Islam and Soviet history to answer these questions. Arguing that the sustained Soviet assault on Islam destroyed patterns of Islamic learning and thoroughly de-Islamized public life, Khalid demonstrates that Islam became synonymous with tradition and was subordinated to powerful ethnonational identities that crystallized during the Soviet period. He shows how this legacy endures today and how, for the vast majority of the population, a return to Islam means the recovery of traditions destroyed under

# Download Ebook Mastering Art Soviet Cooking Longing Ebook

Communism. Islam after Communism reasons that the fear of a rampant radical Islam that dominates both Western thought and many of Central Asia's governments should be tempered with an understanding of the politics of antiterrorism, which allows governments to justify their own authoritarian policies by casting all opposition as extremist. Placing the Central Asian experience in the broad comparative perspective of the history of modern Islam, Khalid argues against essentialist views of Islam and Muslims and provides a nuanced and well-informed discussion of the forces at work in this crucial region.
