Metaphor and simile are techniques that are often used in poetry. A simile is when one thing is described as being like something else, such as “ her smile was as warm the sun ” or “ my dog is like a jumping bean. ” . Similes often use the word “ as ” or “ like ” to compare one thing to another. A metaphor, by contrast, is when one thing is described as being something else, such as “ her eyes were crystal blue lakes ” or “ his mood was a winter storm. ” .

Identifying and using figurative tools are important for children in grade 4 through grade 7 to score high in reading, writing and literature. While similes employ explicit words of comparison, metaphors don't. By asserting one thing is another, rather than saying it is like another, metaphors become the ultimate in the comparison game.

Poets include: Willis Barnstone Robert Conquest Wendy Cope Douglas Dunn Anthony Hecht John Hollander Donald Justice X. J. Kennedy Maxine Kumin Frederick Morgan John Frederick Nims W. D. Snodgrass Derek Walcott Richard Wilbur When free verse and its many movements seemed to dominate poetry, other writers worked steadfastly, insistently, and majestically in traditional forms of rhyme and meter. Such poets as Anthony Hecht, Donald Justice, Derek Walcott, and Richard Wilbur used sonnets, villanelles, blank verse, and many other forms to create dazzling, lasting work. Their writing posed a counterpoint to free v

This book is a collection of essays focusing on homosexual behavior in Mesopotamia, Egypt, Ancient Greece, and Ancient Rome.

The biopic presents a profound paradox—its own conventions and historical stages of development, disintegration, investigation, parody, and revival have not gained respect in the world of film studies. That is, until now. *Whose Lives Are They Anyway?* boldly proves a critical point: The biopic is a genuine, dynamic genre and an important one—it narrates, exhibits, and celebrates a subject's life and demonstrates, investigates, or questions his or her importance in the world; it illuminates the finer points of a personality; and, ultimately, it provides a medium for both artist and spectator to discover what it would be like to be that person, or a certain type of person. Through detailed analyses and critiques of nearly twenty biopics, Dennis Bingham explores what is at their core—the urge to dramatize real life and find a version of the truth within it. The genre's charge, which dates back to the salad days of the Hollywood studio era, is to introduce the biographical subject into the pantheon of cultural mythology and, above all, to show that he or she belongs there. It means to discover what we learn about our culture from the heroes who rise and the leaders who emerge from cinematic representations. Bingham also zooms in on distinctions between cinematic portrayals of men and women. Films about men have evolved from celebratory warts-and-all to investigatory to postmodern and parodic. At the same time, women in biopics have been burdened by myths of suffering, victimization, and failure from which they are only now being liberated. To explore the evolution and lifecycle changes of the biopic and develop an appreciation for subgenres contained within it, there is no better source than *Whose Lives Are They Anyway?*

Terr presents highly effective child psychotherapeutic styles and techniques and demonstrates them in three ways: by relating “ moments ” from at least six of her own cases; by conveying and comparing “ moments ” from 33 of her distinguished colleagues' cases; and by watching her “ wild child ” patient, little Cammie, develop her own eight “ magical moments ” over a period of fifteen years. These “ moments ” are rare. But by pooling them together, or by looking at how they develop over a long period of time in a single individual, readers are able to achieve further understanding of the process of change in child and adolescent psychotherapy.

This compact volume makes available a selection of 402 entries from the widely praised Princeton Encyclopedia of Poetry and Poetics, with emphasis on prosodic and poetic terms likely to be encountered in many different areas of literary study. The book includes detailed discussions of poetic forms, prosody, rhetoric, genre, and topics such as theories of poetry and the relationship of linguistics to poetry. Originally published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

From Maria Edgeworth, Dr Seuss and Lewis Carroll to Sherman Alexie, Sharon Flake, and Gene Luen Yang, this is a comprehensive introduction to studying the infinitely varied worlds of literature for children and young adults. Exploring a diverse range of writing, *The Bloomsbury Introduction to Children's and Young Adult Literature* includes: - Chapters covering key genres and forms from fiction, nonfiction, and poetry to picture books, graphic novels and fairy tales - A history of changing ideas of childhood and adolescence - Coverage of psychological, educational and literary theoretical approaches - Practical guidance on researching, reading and writing about children's and young adult literature - Explorations of children's and young adult film, TV and new media In addition, “ Extending Your Study ” sections at the end of each chapter provide advice on further reading, writing, discussion and online resources as well as case study responses from writers and teachers in the field. Accessibly written for both students new to the subject and experienced teachers, this is the most comprehensive single volume introduction to the study of writing for young people.

Professional poets spend many hours crafting a finished piece of work, yet we expect children in school to sit down and write when they are told to, whether they feel inspired or not. This series of four books is a toolkit to help you build a positive framework for children to read, write, understand and enjoy poetry - to bring a creative spark to the poetry classroom. A combination of featured poems, creative ideas, structured lesson plans and differentiated photocopiable activity sheets gives the series a uniquely flexible approach - which means you can use the materials in any classroom context. If you're wary of poetry, if you think it's boring, or if you're nervous about teaching poetry, then you've chosen the right book. Key themes covered in **BOOK 2: Rhymes, Rhythms and Rattles** are rhythm and rhyme in poetry, sounds, alliteration, words to create effects, onomatopoeia, and metaphor and simile. Other books in the series are: **BOOK 1: Words and Wordplay**; **BOOK 3: Style, Shape and Structure**; and **BOOK 4: Language and Performance**.

A reader-friendly miscellany of essays, appreciations, reviews, and conversations, published in newspapers and literary magazines over the past ten years, these are pieces that will resonate equally with the lay poetry lover and the specialist. This collection explores all aspects of a life in poetry: reading it, writing it, teaching it, editing it, publishing it, reviewing it.

European Intertexts is the first fruit of an ongoing collaborative study aiming to challenge the isolationism of much critical work on English literature by exploring the interdependence of English and continental European literatures in writing by women. While later volumes will deal with specific texts, this introductory volume provides a descriptive framework and a theoretical basis for studies in the field. Covering issues such as the role of English as a world language, the definition of 'Europe', and the current state of Translation Studies, the book also surveys theories of intertextuality and demonstrates intertextual links between written and visual and film texts. This book is itself pioneering in making a systematic approach to women's writings in English in the context of other European cultures. Although Europe is a political reality, this cultural interpenetration remains largely unexamined, and these essays represent an important first step towards revealing that unexplored richness.
