"This book tells what should have been known and isn't that Israel's hidden force is as formidable as its recognized physical strength." □ Israeli President Shimon Peres For decades, Israel's renowned security arm, the Mossad, has been widely recognized as the best intelligence service in the world. In Mossad, authors Michael Bar-Zohar and Nissim Mishal take us behind the closed curtain with riveting, eye-opening, boots-on-the-ground accounts of the most dangerous, most crucial missions in the agency's 60-year history. These are real Mission: Impossible true stories brimming with high-octane action—from the breathtaking capture of Nazi executioner Adolph Eichmann to the recent elimination of key Iranian nuclear scientists. Anyone who is fascinated by the world of international espionage, intelligence, and covert "Black-Ops" warfare will find Mossad electrifying reading.

"An enlarged and improved version of "Arabisches Wèörterbuch fèur die Schriftsprache der Gegenwart" by Hans Wehr and includes the contents of the "Supplement zum Arabischen Wèörterbuch fèur die Schriftsprache der Gegenwart" and a collection of new additional material (about 13.000 entries) by the same author."

This study presents an analysis of US-Iranian relations in the twentieth century, with particular attention to the crisis over nationalization of British oil interests at midcentury. As such, it focuses on the career of Muhammad Musaddiq, who struggled during those years to free his country from foreign influence, and whose memory continued to haunt bilateral relations with the United States up to the Iranian revolution. Throughout, it examines Anglo-American views of Iranians (and by implication of other non-Westerners) which affected - and still affect - the conduct of international relations.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. A companion volume to the PBS-TV series of the same name is a lucid review of the development of U.S. Based on interviews with spies, policymakers, and former CIA directors, this is the fascinating history of American espionage--from the 1919 Red Scare to Watergate and the Iran-Contra affair. Photographs.

Uncovering secret hand-in-hand relations between the CIA and the Mossad, a political intelligence publisher reveals covert operations to topple Third-World regimes, the Reagan administration's manipulation of details on the Iran-contra affair, and more. Original.

“Meticulously researched . . . This is the definitive chronicle of the Middle East crisis during the Clinton years and in the post-9/11 era” (Publishers Weekly). “Providing a fly-on-the-wall vantage of the rising diplomatic panic that sent shudders through world capitals,” Kill Khalid unfolds as a masterpiece of investigative journalism (Toronto Star). In 1997, the Israeli intelligence agency Mossad poisoned Hamas leader Khalid Mishal in broad daylight on the streets of Amman, Jordan. As the little-known Palestinian leader slipped into a coma, the Mossad agents’ escape was bungled and the episode quickly spiraled into a diplomatic crisis. A series of high-stakes negotiations followed, which ultimately saved Mishal and set the stage for his phenomenal political ascendancy. In Kill Khalid, acclaimed reporter Paul McGeough reconstructs the history of Hamas through exclusive interviews with key players across the Middle East and in Washington, including unprecedented access to Mishal himself, who remains to this day one of the most powerful and enigmatic figures in the region. A “sobering reminder of how little has been achieved during 60 years of Israeli efforts in Palestine,” Kill Khalid tracks Hamas’s political fortunes across a decade of suicide bombings, political infighting, and increasing public support, culminating in the battle for Gaza in 2007 and the current-day political stalemate (Kirkus Reviews, starred review). “A pacey, riveting, and controversial book that has all the compulsion of a Le Carré novel.” —John F. Burns, The New York Times “[A] gem of leave-no-stone-unturned reporting.” —Foreign Affairs

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

In the sequel to the explosive bestseller *By Way of Deception*, the former Israeli agent continues his incredible story of his career as a double agent and his disruption of shocking Mossad assassination plans. 150,000 first printing. \$75,000 ad/promo. Tour.

The first time the Mossad came calling, they wanted Victor Ostrovsky for their assassination unit, the kidon. He turned them down. The next time, he agreed to enter the grueling three-year training program to become a katsa, or intelligence case officer, for the legendary Israeli spy organization. *By Way of Deception* is the explosive chronicle of his experiences in the Mossad, and of two decades of their frightening and often ruthless covert activities around the world. Penetrating far deeper than the bestselling *Every Spy a Prince*, it is an insider's account of Mossad tactics and exploits. In chilling detail, Ostrovsky asserts that the Mossad refused to share critical knowledge of a planned suicide mission in Beirut, leading to the death of hundreds of U.S. Marines and French troops. He tells how they tracked Yasser Arafat by recruiting his driver and bodyguard; how they withheld information on the whereabouts of American hostages, paving the way for the Iran-Contra scandal; and how their intervention into secret UN negotiations led to the sudden resignation of ambassador Andrew Young and the downfall of his career. *By Way of Deception* describes the shocking scope and depth of the Mossad's influence, disclosing how Jewish communities in the U.S., Europe, and South America are armed and trained by the organization in secret "self-defense" units, and how Mossad agents facilitate the drug trade in order to pay the enormous costs of its far-flung, clandestine operation. And it portrays a network that has grown dangerously out of control, as internal squabbles have led to the escape of terrorists and the pursuit of "policies" completely at odds with the interests of the state of Israel. This document is possibly the most important and controversial book of its kind since *Spycatcher*.
