Help your students get the most out of their literature course.

A comprehensive guide to writing or reading poetry, by “ one of our most lucid and important critics ” (American Academy of Arts and Letters). Why does a great lyric poem ask to be reread, even after we know it by heart? In *How Poems Get Made*, acclaimed poet and critic James Longenbach answers this question by discussing a wide range of exemplary poems, from Shakespeare through Blake, Dickinson, and Moore, to a variety of poets making poems today. In each chapter of *How Poems Get Made*, Longenbach examines a specific aspect of the poetic medium—including Diction, Syntax, Rhythm, Echo, Figure, and Tone—and shows how a poet may manipulate these most basic elements to bring a poem to life.

Alphabetically arranged and followed by an index of terms at the end, this handy reference of literary terms is bound to be of invaluable assistance to any student of English literature.

Collects all ninety-two of the late Empire of the Sun author's stories--including "Prima Belladonna," "Dead Time," and "The Index"-- which span five decades and explore everything from musical orchids to human cannibalism to the secret history of World War III.

Literary terms are the building blocks of literature. Give students a firm grasp of them with this well thought out handbook that features an in-depth look at 29 literary terms. Each lesson follows an easy-to-use format: a definition of the term is followed by a discussion using two excellent examples in prose or poetry. Questions promote and ensure understanding. A writing exercise for each term provides an opportunity for application. Gives students the knowledge and experience to interpret literature with confidence Grades 9-12. Meets National Council of Teachers of English/International Reading Association Standards for the English Language Arts. 58 Pages of Activity Sheets Complete Answer Key Complete definition, description, examples, and exercises for the following literary terms: Allegory Alliteration Allusion Analogy Assonance Atmosphere Ballad Characterization Couplet Figurative Language Foreshadowing Imagery Inversion Irony Metaphor Meter Onomatopoeia Personification Plot (Exposition, Conflict, Rising Action, Climax, Falling Action, Resolution) Point of View Refrain Rhyme Rhythm Simile Sonnet Style Symbolism Theme Tone

Like Richard Ellmann's James Joyce, Richard Zenith's Pessoa immortalizes the life of one of the twentieth century's greatest writers. Nearly a century after his wrenching death, the Portuguese poet Fernando Pessoa (1888–1935) remains one of our most enigmatic writers. Believing he could do “more in dreams than Napoleon,” yet haunted by the specter of hereditary madness, Pessoa invented dozens of alter egos, or “heteronyms,” under whose names he wrote in Portuguese, English, and French. Unsurprisingly, this “most multifarious of writers” (Guardian) has long eluded a definitive biographer—but in renowned translator and Pessoa scholar Richard Zenith, he has met his match. Relatively unknown in his lifetime, Pessoa was all but destined for literary oblivion when the arc of his afterlife bent, suddenly and improbably, toward greatness, with the discovery of some 25,000 unpublished papers left in a large, wooden trunk. Drawing on this vast archive of sources as well as on unpublished family letters, and skillfully setting the poet's life against the nationalist currents of twentieth-century European history, Zenith at last reveals the true depths of Pessoa's teeming imagination and literary genius. Much as Nobel laureate José Saramago brought a single heteronym to life in *The Year of the Death of Ricardo Reis*, Zenith traces the backstories of virtually all of Pessoa's imagined personalities, demonstrating how they were projections, spin-offs, or metamorphoses of Pessoa himself. A solitary man who had only one, ultimately platonic love affair, Pessoa used his and his heteronyms' writings to explore questions of sexuality, to obsessively search after spiritual truth, and to try to chart a way forward for a benighted and politically agitated Portugal. Although he preferred the world of his mind, Pessoa was nonetheless a man of the places he inhabited, including not only Lisbon but also turn-of-the-century Durban, South Africa, where he spent nine years as a child. Zenith re-creates the drama of Pessoa's adolescence—when the first heteronyms emerged—and his bumbling attempts to survive as a translator and publisher. Zenith introduces us, too, to Pessoa's bohemian circle of friends, and to Ophelia Quieroz, with whom he exchanged numerous love letters. Pessoa reveals in equal force the poet's unwavering commitment to defending homosexual writers whose books had been banned, as well as his courageous opposition to Salazar, the Portuguese dictator, toward the end of his life. In stunning, magisterial prose, Zenith contextualizes Pessoa's posthumous literary achievements—especially his most renowned work, *The Book of Disquiet*. A modern literary masterpiece, Pessoa simultaneously immortalizes the life of a literary maestro and confirms the enduring power of Pessoa's work to speak prophetically to the disconnectedness of our modern world.
