During the following years he slowly recalls details from that night, but these fragments are not enough to explain what happened to him, and he begins to believe that he may have been the victim of an alien encounter. Neil McCormick is fully

aware of the
events from that
summer of 1981.
Wise beyond his
years, curious
about his
developing
sexuality, Neil
found what he
perceived to be
love and guidance
from his baseball
coach. Now, ten
years later, he is a

teenage hustler, a terrorist of sorts, unaware of the dangerous path his life is taking. His recklessness is governed by idealized memories of his coach, memories that unexpectedly change when Brian comes to Neil for help and,

ultimately, the
truth.
