A woman contemplates suicide as her best friend lies dying. A touching graveside ritual keeps love alive. The cracks in a long-time marriage are revealed when the scotch runs out. A young couple experience the ecstasy and agony of first love. A Month of Sundays shines a light on our most vulnerable moments and finds the grace and dignity within. There is beauty in survival, in knowing we can overcome. We suffer unbearable losses, love the wrong people, and make a mess of our lives, but we go on. Some of the most important moments happen when we are raw and exposed. This collection of a dozen stories explores those dark corners that define us, the emotional spaces we prefer to avoid.

Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flamman values each model according to the popular 1-6 grading system invented by Old Cars magazine.
