"Abegg" Variations, Op. 1, Robert Schumann. About this Piece "Titles for pieces of music, since they again have come into favor in our day, have been censured here and there, and it has been said that 'good music needs no signpost.' Certainly not, but neither does a title rob it of its value; and the composer, in adding one, at least ...

"Abegg" Variations, Op. 1 (Robert Schumann)  
Robert Schumann's Abegg Variations (the Variations on the name "Abegg" for piano, Op. 1), despite the implications of the attached opus number, were neither his first composition nor, truth be told, his first explorations of variation form: prior to completing Op.1 in 1830 he had composed no fewer than eight polonaises, six waltzes, an incomplete piano concerto, several youthful songs, a set of variations for piano four-hands, and various other, shorter pieces. And so when he sat down to ...

The Variations on the name "Abegg" in F major is a piece (theme with variations) for piano by Robert Schumann, composed between 1829 and 1830 and published as his Opus 1. The name is believed to refer to Schumann's fictitious friend, Meta Abegg, whose surname Schumann used through a musical cryptogram as the motivic basis for the piece. The name Meta is considered to be an anagram of the word "tema" (Latin). Another suggestion is Pauline von Abegg.

Robert Schumann: Abegg Variations, Op. 1. Schumann's Abegg Variations first appeared in November of 1831, but Schumann had completed it more than a year earlier, shortly after his twentieth birthday and before he had made the commitment to a life of music (he was still studying law in Heidelberg at the time). It is no fumbling attempt, but rather an assured, individual work from a composer who already knows piano technique intimately.

The most obvious selling point here is the inclusion of works unknown even to most pianists – the strange but engrossing Beethoven and Geister Variations, for instance, the Seven Fugues, and most of the Albumblätter. Beginning with Op. 1 and ending with music surrounding Schumann's suicide attempt, this is effectively a biography in sound.

The Piano Sonata No. 1 in F ? minor, Op. 11, was composed by Robert Schumann from 1833 to 1835. He published it anonymously as "Pianoforte Sonata, dedicated to Clara by Florestan and Eusebius". Eric Frederick Jensen describes the sonata as 'the most unconventional and the most intriguing' of Schumann's piano sonatas due to its unusual structure. The Aria is based on his earlier Lied setting ...
