~~Our main protagonist is a man named Sixth of the Dusk or Dusk for short. He is a tough as nails Trapper who knows the island of Patji like the back of his hand. Then there is Vathi, a sheltered mainland scholar with a sharp head on her shoulders but not much in the way of actual survival instincts. Both are pretty interesting and each is distinct.~~

From #1 New York Times bestselling author Brandon Sanderson, Stephen Leeds is back in a new, double-length novella that *Library Journal* says has "the pulse of a thriller and the hook of a fascinating hero balancing on the edge of psychosis." It's not his own genius that Stephen Leeds gets hired for. Clients want to tap into the imaginary experts that populate his mind—and it's getting a bit crowded in there. Now Stephen and his internal team of "aspects" have been hired to track down a stolen corpse—but it's not the corpse that's important, it's what the corpse knows. The biotechnology company he worked for believes he encoded top-secret information in his DNA before he died, and if it falls into the wrong hands, that will mean disaster. Meanwhile, Stephen's uneasy peace with his own hallucinations is beginning to fray at the edges, as he strives to understand how one of them could possibly have used Stephen's hand to shoot a real gun during the previous case. And some of those hallucinations think they know better than Stephen just how many aspects his mind should make room for. How long will he be able to hold himself together?

An instant #1 New York Times Bestseller and a USA Today and Indie Bestseller! The *Stormlight Archive* saga continues in *Rhythm of War*, the eagerly awaited sequel to Brandon Sanderson's #1 New York Times bestselling *Oathbringer*, from an epic fantasy writer at the top of his game. After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted, brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or personally face the storm of failure. Note: This novella is included in Arcanum Unbounded: The Cosmere Collection, now available in print, ebook, and audiobook from Tor (US/Canada) and Gollancz (UK/Commonwealth). Mistborn: Secret History is a companion story to the original Mistborn Trilogy. As such, it contains huge spoilers for the books Mistborn (The Final Empire), The Well of Ascension, and The Hero of Ages. It also contains very minor spoilers for the book The Bands of Mourning. Mistborn: Secret History builds upon the characterization, events, and worldbuilding of the original trilogy. Reading it without that background will be a confusing process at best. In short, this isn't the place to start your journey into Mistborn. (Though if you have read the trilogy—but it has been a while—you should be just fine, so long as you remember the characters and the general plot of the books.) Saying anything more here risks revealing too much. Even knowledge of this story's existence is, in a way, a spoiler. There's always another secret.
