When you've received your technical acceptance for your sewerage system design from us, you'll need to enter into an adoption agreement for us to formally adopt the sewers. To enter into an adoption agreement, you can either ask us to produce one and provide all the required documents – or you can prepare your own legal agreement (this Model Sewer Adoption Agreement may provide a helpful starting point).

~~Sewer adoptions — southernwater.co.uk~~

sewers can be considered. Southern Water will not adopt any sewer unless the sewer into which it discharges has also been adopted. When all outstanding matters have been resolved, we will issue the 'vesting certificate', which completes the formal adoption of the sewers. The surety (bond) can only be released when the vesting has taken place.

~~Guidance notes for form S104 Public Sewers — Southern Water~~

and Southern Water appendices and guidance notes. If we undertake to pay Southern Water reasonable costs incurred in preparing and processing the legal agreement in addition to the inspection fees. Please note, by signing this application you are not automatically granted technical approval or guaranteed adoption.

~~S104 application for adoption of sewers~~

Southern Water (and its predecessors), along with all other Sewerage Undertakers, have endorsed the guidelines laid down in Sewers for Adoption since its introduction in 1980. The current issue of Sewers for Adoption , as with previous editions, identifies hydraulic design requirements for both foul and surface water systems.

~~Developer Services Portal~~

Before adopting the sewer, Southern Water must first give notice to the owner(s) of the sewer. Only after two months have elapsed and no objections raised, may we adopt the sewer. Subject to this and any legal formalities (eg transfer of land for pumping station and right to discharge surface water to a watercourse) we will make a declaration of vesting, which completes the adoption.
