The Mirror dinghy was a significant factor in the boom of dinghy sailing in the 1960s, introducing thousands to the delights of sailing. While sailing has come a long way since then and there have been a lot of far more exotic craft launched, the Mirror remains a fantastic boat in which to learn to sail and to compete at the highest levels. With this second edition, The Mirror Book has been bought into the Start to Finish series format alongside such revered books as The Laser Book, The Topper Book, The Catamaran Book and The Foiling Dinghy Book. Like these titles, this book tells you everything you need to know about sailing the boat (whether it be the original gaff-rigged boat or has the newer Bermuda rig). Written for those starting out through to those striving to win a championship, the book is packed with practical advice and illustrated with step-by-step photographs. It covers: setting up the Mirror and early sailing experiences; developing skills on all points of sailing and with the spinnaker; racing & masterclasses to become a championship winner. Over 180 photographs show you exactly how it ' s done, and 72 diagrams illustrate key boat parts, the different points of sailing and complex on-the-water scenarios with clarity. It is written by Peter Aitken, formerly the UK National Mirror Coach, who has coached teams to win world championships in the Mirror, Cadet and 420 classes, and Tim Davison, a successful racer and author of countless books on sailing. The UK Mirror Class Association have contributed to this update and it is endorsed by Dave Wade, double Mirror National Champion, who says: " Armed with this book, your understanding of Mirror sailing techniques will grow, and your results will improve. I thoroughly recommend it. "
