African diaspora | history and sociology | Britannica

The African Union defines the African Diaspora as individuals of African origin living away from their home continent (Africa). The phrase "African Diaspora" was coined during the 19th century, but only came into common

use during the 21st century. The largest population of the African Diaspora resides in the following nations.

Where is the African Diaspora? - WorldAtlas

Origins of the Diaspora Religion When African slaves were transported to the New World between the 16th and 19th centuries, they each brought their own personal beliefs. However, slave owners deliberately mixed slaves from a variety of different backgrounds together in order to have a slave population that could not easily communicate with itself, and thus curtail the ability to rebel.

African Diaspora Religions

The African Diaspora describes people of African origin, living outside of the continent, due to the Transatlantic slave trade. The diaspora is vast, and includes displaced Africans living in numerous countries all around the world.

(African diaspora refers to the long-term historical process by which people of African descent have been scattered from their ancestral homelands to other parts of the world.) In more-general terms, Pan-Africanism is the sentiment that people of African descent have a great deal in common, a fact that deserves notice and even celebration.

Pan-Africanism | History, Achievements, & Facts | Britannica

The African diaspora refers to the many communities of people of African descent dispersed throughout the world as a result of historic movements. The majority of African dispersal resulted from the Arab and Atlantic slave trades – the largest forced migrations in history.

The African Diaspora-What is it? | BYTE

Hakim is Professor of the History of Africa and the African Diaspora at the University of Chichester. He is a British historian and scholar who specializes in African affairs. He has written widely on Pan-Africanism and the modern political history of Africa and the African diaspora, including the 2018 book Pan-Africanism: A History.

The African Diaspora contributes to the debate between those who believe that the African origin of blacks in Western society is central to their identity and outlook and those who deny that proposition. Contributors include Niyi Afolabi, Adetayo Alabi, Celia M. Azevedo, Antonio Benítez-Rojo, Eliana Guerreiro Ramos Bennett, LeGrace Benson, Ira Kincade Blake, Jack S. Blocker, Jr., Sharon Aneta Bryant, Michael J. C. Echeruo, Peter P. Ekeh, Patience Elabor-Idemudia, David Evans, Robert Elliot Fox, Andrea Frohne, Joseph E. Inikori, Joyce Ann Joyce, Joseph McLaren, Charles Martin, Ali A. Mazrui, Pierre-Damien Mvuyekure, Nkiru Nzegwu, Isidore Okpewho, Oyekan Owomoyela, Laura J. Pires-Hester, Richard Price, Sally Price, Jean Rahier, Sandra L. Richards, Elliott P. Skinner, Alvin B. Tillery, Jr., Keith Q. Warner, Maureen Warner-Lewis, and Kimberly Welch.

Patrick Manning follows the multiple routes that brought Africans and people of African descent into contact with one another and with Europe, Asia, and the Americas. In joining these stories, he shows how the waters of the Atlantic Ocean, the Mediterranean Sea, and the Indian Ocean fueled dynamic interactions among black communities and cultures and how these patterns resembled those of a number of connected diasporas concurrently taking shaping across the globe. Manning begins in 1400 and traces the connections that enabled Africans to mutually identify and hold together as a global community. He tracks discourses on race, changes in economic circumstance, the evolving character of family life, and the growth of popular culture. He underscores the profound influence that the African diaspora had on world history and demonstrates the inextricable link between black migration and the rise of modernity. Inclusive and far-reaching, The African Diaspora proves that the advent of modernity cannot be fully understood without taking the African peoples and the African continent into account.

Mangrove rice farming on West Africa's Rice Coast was the mirror image of tidewater rice plantations worked by enslaved Africans in 18th-century South Carolina and Georgia. This book reconstructs the development of rice-growing technology among the Baga and Nalu of coastal Guinea, beginning more than a millennium before the transatlantic slave trade. It reveals a picture of dynamic pre-colonial coastal societies, quite unlike the static, homogenous pre-modern Africa of previous scholarship. From its examination of inheritance, innovation, and borrowing, Deep Roots fashions a theory of cultural change that encompasses the diversity of communities, cultures, and forms of expression in Africa and the African diaspora.

Captures the essential political, cultural, social, and economic developments that shaped the black experience.

In this definitive study of the African diaspora in North America, Toyin Falola offers a causal history of the western dispersion of Africans and its effects on the modern world.

Thanks to advances in field medicine and improved mobility and efficiency of medical units, the death rate of soldiers injured during battle has dramatically declined in the last 100 years. Nowadays, with forward medical stations operating close to battle lines and medical transports (ground and air) at hand, injured soldiers survive their battle wounds. "Military Medicine: From Ancient Times to the 21st Century" provides expert coverage of the key role medical advances and practices have played in the evolution of warfare, and how many of those advances and practices have been put to work saving and improving civilian lives as well. "Military Medicine" surveys the development of military medicine from its prehistoric origins through modern threats and practice. That coverage is followed by over 200 of alphabetically organized entries with special emphasis placed on those areas with the most dramatic applications to civilian medicine, including triage and trauma management, treatment for infections, emergency surgical procedures, and more.

Although much has been written about the African Diaspora in the Atlantic Ocean, the Diaspora in the Indian Ocean is virtually unrecognised. Concerned with Africans who lived south of the Sahara and were dispersed by free will or, forcefully to the non-African lands in the Indian Ocean region, this book deals with a topic that has been overlooked for too long. Eight scholars, researching in distinct geographical areas and, with interdisciplinary expertise offer a comprehensive and informative account of the Diaspora in the Indian Ocean.

The authoritative source for information on the people, places, and events of the African Diaspora, spanning five continents and five centuries. • More than 500 A–Z entries • Contributions from hundreds of leading scholars • Maps showing key locations in the African Diaspora

The authoritative source for information on the people, places, and events of the African Diaspora, spanning five continents and five centuries. * More than 500 A-Z entries * Contributions from hundreds of leading scholars * Maps showing key locations in the African Diaspora

Kevin Dawson considers how enslaved Africans carried aquatic skills—swimming, diving, boat making, even surfing—to the Americas. Undercurrents of Power not only chronicles the experiences of enslaved maritime workers, but also traverses the waters of the Atlantic repeatedly to trace and untangle cultural and social traditions.
