30 E-Learning Book The Career Toolkit For High School...

The goal of high school is to equip as many students as possible with the core knowledge, tools, strategies, and skills necessary for college and career success. American high schools have a gap to close, as many high school students are not graduating well-prepared for college or career training. The dropout picture in the country is dismal.

For high school-level Career Exploration and Life Skills courses. This thorough introduction to the skills high school students need to succeed in the workplace is presented in an easy-to-read student-friendly format. The text, adapted from a popular college-level text provides a complete framework for career exploration and is designed to motivate students to make these skills a part of their lives. Students and Faculty alike are encouraged to visit the central website for all Keys franchise materials, www.carterkeys.com, where you can correspond with the author team, view their speaking calendar, benefit from current articles, and more!

The Career Tool Kit is designed to especially help community college and vocational school students of all ages develop the skills and attitudes needed to successfully complete their educational program: search for, find, and win the job they want; transition smoothly from school to work or successfully re-enter the workforce; and build a long, happy, and successful working life, all in a user-friendly and visually appealing design. Coverage of important topics includes developing and maintaining a positive self image, managing time, budgeting and organizing finances, avoiding or reducing credit debt, and tracking down the resources available at school, in the community, and online. A focus on self-awareness teaches readers how to get to know themselves better so that they understand what kinds of jobs might best suit their unique talents and qualities, how to network and locate job opportunities, and how to present themselves in the best possible light on a resume as well as in an interview, and how to handle both failure and success. Additional topics discuss workplace communication with managers, co-workers, clients, and customers; qualities and skills that employers look for in their employees; rights on the job; critical thinking at work; improving and maintaining mental health and social intelligence; motivation, and more.

Building Your I.T. Career A Complete Toolkit for a Dynamic Career in Any Economy Second Edition Break in. Move up. Earn more. Stay on top. Get the I.T. career edge you need right now! As you progress in your career, you will face new challenges. From managing yourself, to managing processes, projects, and people, what works for one situation may not work for another and you'll need to be able to develop and apply what you know in a different way. The Successful Career Toolkit is a helpful survival guide to keep on hand no matter where your career takes you. With focused, skill-based topics in three broad areas - managing yourself, managing tools and processes, and managing others - this book uses tried-and-trusted coaching techniques to help you face any imaginable workplace challenge, from asking for a raise or managing a difficult conversation, to improving your presentation skills or giving constructive feedback to an employee. Written by experienced senior business leader, coach, and mentor Patrick Barr, this book does what it says on the tin - providing concise and empowering guidance on a range of essential business skills. With practical, interactive exercises throughout, The Successful Career Toolkit is a vital resource you will return to again and again as you progress in your chosen career.

Short, easily-digestible sections, a variety of application and self-assessment exercises, and interviews and quotes from students already "in the trenches", help readers take inventory, get started, and move onto a successful career. The Career Tool Kit is designed especially to help readers develop the skills and attitudes needed to successfully complete their education: search for, find, and win the job they want; transition smoothly from school to work; and build a long, happy, and successful working life.

The Career Coaching Toolkit is a practical guide to 34 effective and relevant career coaching techniques to help practitioners encourage, stretch and clarify their clients' thinking. Structured around ten of the most common career dilemmas clients bring to their coaches, this book provides clear advice to coaches about when to apply the right technique to address all of these problems. With a dual focus on theory and practice, each chapter explores the links between the coaching technique and the scientific research on which it is based. The book explains how and why the technique works, giving the reader a real appreciation of the underlying mechanisms which make these techniques effective. Written specifically for career coaching, this deepened understanding will enhance confidence when working with clients. A practical tool-kit for practitioners and students alike, The Career Coaching Toolkit will add depth to the practice of anyone working with clients facing a career crossroads, or conducting research into occupational identities and career decision making.

Two of the nation's most successful corporate leadership consultants now reveal their proven, systematic program for using the power of "high-integrity" politics to achieve career success, maximize team impact, and protect the company's reputation and bottom line. Each day in business, a corporate version of "survival of the fittest" is played out. Power plays, turf battles, deceptions, and sabotages block individuals' career progress and threaten companies' resources and results. In Survival of the Savvy, Rick Brandon and Marty Seidman provide ethical but street-smart strategies for navigating corporate politics to gain "impact with integrity," helping readers to: -Identify political styles at work through the Style Strengths Finder, and avoid being under or overly political -Discover the corporate "buzz" on you, and manage the corporate "airwaves" -Decipher unwritten company rules and protect yourself from sabotage and hidden agendas -Build key networks to promote yourself and your ideas with integrity -Learn to detect deception and filter misleading information -Increase your team's organizational savvy, influence, and impact -Gauge the political health of the company and forge a high-integrity political culture In addition, Survival of the Savvy helps individuals discover and overcome their own political blind spots and vulnerabilities. They learn step-by-step methods to avoid being underestimated or denied full recognition for their achievements. It shows them how to put forward their ideas and advance their careers in an ethical manner, with a high level of political awareness and skill. After reading this book, you will never have to say, "I didn't see it coming." Organizational savvy is a mission-critical competency for the complete leader. This timely and timeless book provides cutting-edge strategies and skills for surviving and thriving as you build individual and company success.

Revised and updated in 2019 "This is the prettiest, most well-organized, useful and up to date guide to careers that I have ever seen." - Dick Bolles, author, What Color Is Your Parachute?
