(Audiobook) The Great  
Financial Crisis Causes

The financial crisis was primarily caused by deregulation in the financial industry. That permitted banks to engage in hedge fund trading with derivatives. Banks then demanded

# Download File PDF The Great Financial Crisis Causes And Consequences

more mortgages to support the profitable sale of these derivatives. They created interest-only loans that became affordable to subprime borrowers.

## What Caused 2008 Global Financial Crisis - The Balance

It is of little use to say the crisis happened because human beings,

Financial Crisis,

bankers and regulators,  
were not perfect. It is

the height of folly to

suggest that a solution

rests in improving

human decision-making

next time. Only

systemic change will

generate a different

outcome. I suggest there

are six root causes of the

financial crisis:

Leverage. Excess

leverage is at the center
