Britain was the last major country to train women physicians, so 80 to 90% of the British women came to America for their medical degrees. Edinburgh University admitted a few women in 1869, then reversed itself in 1873, leaving a strong negative reaction among British medical educators.

### History of women in the United Kingdom - Wikipedia

Women in History. From great medieval queens to nurses in the First World War, the role of women throughout English history has often been overlooked. Here we highlight some of their stories - not only the women who achieved high status and success, but also those who remain largely unnamed in history, and who have quietly shaped our way of life today.

### 15 inspiring British women who changed the world | London ...

The move for women to have the vote had really started in 1897 when Millicent Fawcett founded the National Union of Women's Suffrage. "Suffrage" means the right to vote and that is what women wanted - hence its inclusion in Fawcett's title. Millicent Fawcett believed in peaceful protest. She felt that any violence or trouble would persuade men that women could not be trusted to have the right to vote.
