The Rainbow Troops by Andrea Hirata Hirata's autobiographical novel is an endearing and inspirational story of poor ethnic Malay students struggling against considerable odds to get an education.

Published in Indonesia in 2005, *The Rainbow Troops*, Andrea Hirata's closely autobiographical debut novel, sold more than five million copies, shattering records. Now it promises to captivate audiences around the globe. Ikal is a student at the poorest village school on the Indonesian island of Belitung, where graduating from sixth grade is considered a remarkable achievement. His school is under constant threat of closure. In fact, Ikal and his friends—a group nicknamed the Rainbow Troops—face threats from every angle: skeptical government officials, greedy corporations hardly distinguishable from the colonialism they've replaced, deepening poverty and crumbling infrastructure, and their own low self-confidence. But the students also have hope, which comes in the form of two extraordinary teachers, and Ikal's education in and out of the classroom is an uplifting one. We root for him and his friends as they defy the island's powerful tin mine officials. We meet his first love, the unseen girl who sells chalk from behind a shop screen, whose pretty hands capture Ikal's heart. We cheer for Lintang, the class's barefoot math genius, as he bests the students of the mining corporation's school in an academic challenge. Above all, we gain an intimate acquaintance with the customs and people of the world's largest Muslim society. This is classic storytelling in the spirit of Khaled Hosseini's *The Kite Runner*: an engrossing depiction of a milieu we have never encountered before, bursting with charm and verve.

Settling into her parents' home in Maine in the hopes of helping them with their respective health challenges, art professor Julie Lambert is shattered by the discovery of her son's heroin addiction, a situation for which mother and son receive help from multiple family members.

The novel, a depiction of social and political events in the capital during the run-up to a national election, contains a grim cast of characters: corrupt politicians, impotent intellectuals,

unprincipled journalists, manipulative Leftists, and impetuous Muslims to name but a few. Although the novel represents a condemnation of political practices prevalent in Indonesia in the 1950s, readers today will find much in this novel that still resonates. It is re-published in English by Darf Publishers at a time when, after three decades of authoritarianism and more than a decade of transition, Indonesia once again has a boisterous multi-party system of competing and collaborating political parties; as well as a mass media which often both serves particular political interests and thrives on sensationalist stories of corruption and malfeasance.

Lloyd Jones' new novel is set mainly in a small village on Bougainville, a country torn apart by civil war. Matilda attends the school set up by Mr Watts, the only white man on the island. By his own admission he's not much of a teacher and proceeds to educate the children by reading them *Great Expectations*. Matilda falls in love with the novel, strongly identifying with Pip. The promise of the next chapter is what keeps her going; Pip's story protects her from the horror of what is happening around her - helicopters menacing the skies above the village and rebel raids on the ground. When the rebels visit the village searching for any remaining men to join their cause, they discover the name Pip written in the sand and instigate a search for him. When Pip can't be found the soldiers destroy the book. Mr Watts then encourages the children to retell the story from their memories. Then when the rebels invade the village, the teacher tells them a story which lasts seven nights, about a boy named Pip, and a convict . . .

The Indonesian record-breaking bestseller, in the tradition of *Slumdog Millionaire* and *Shantaram*. Ikal is a student at Muhammadiyah Elementary, on the Indonesian island of Belitong, where graduating from sixth grade is considered a major achievement. His school is under constant threat of closure. In fact, Ikal and his friends - a group called the Rainbow Troops - face threats from every angle: pessimistic, corrupt government officials; greedy corporations hardly distinguishable from the colonialism they've replaced; deepening poverty and crumbling infrastructure; and their own festering self-confidence. But in the form of two extraordinary teachers, they also have hope, and Ikal's education is an uplifting one, in and out of the classroom. You will cheer for Ikal and his friends as they defy the town's powerful tin miners. Meet his first love - a hand with half-moon fingernails that passes him the chalk his teacher sent him to buy. You will roar in support of Lintang, the class's barefoot maths genius, as he bests the rich company children in an academic challenge. First published in Indonesia, *The Rainbow Troops* went on to sell over 5 million copies. Now it is set to captivate readers across the globe. This is classic story-telling: an engrossing depiction of a world not often encountered, bursting with charm and verve.

A stunning, complex narrative about the fractured legacy of a decades-old double murder in rural West Virginia -- and the writer determined to put the pieces back together. In the early evening of June 25, 1980 in Pocahontas County, West Virginia, two middle-class outsiders named Vicki Durian, 26, and Nancy Santomero, 19, were murdered in an isolated clearing. They were hitchhiking to a festival known as the Rainbow Gathering but never arrived. For thirteen years, no one was prosecuted for the "Rainbow Murders" though deep suspicion was cast on a succession of local residents in the community, depicted as poor, dangerous, and backward. In 1993, a local farmer was convicted, only to be released when a known serial killer and diagnosed schizophrenic named Joseph Paul Franklin claimed responsibility. As time passed, the truth seemed to slip away, and the investigation itself inflicted its own traumas -- turning neighbor against neighbor and confirming the fears of violence outsiders have done to this region for centuries. In *The Third Rainbow Girl*, Emma Copley Eisenberg uses the Rainbow Murders case as a starting point for a thought-provoking tale of an Appalachian community bound by the false stories that have been told about it. Weaving in experiences

from her own years spent living in Pocahontas County, she follows the threads of this crime through the complex history of Appalachia, revealing how this mysterious murder has loomed over all those affected for generations, shaping their fears, fates, and desires. Beautifully written and brutally honest, *The Third Rainbow Girl* presents a searing and wide-ranging portrait of America -- divided by gender and class, and haunted by its own violence.

An eye-opening and previously untold story, *Factory Girls* is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In *Factory Girls*, Leslie T. Chang, a former correspondent for the *Wall Street Journal* in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under thirty; where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, *Factory Girls* demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

This is the story of the Japanese who immigrated to Hawaii around the turn of the present century, worked as forced laborers on the sugar plantations, and afterwards remained in Hawaii to work as free men and to raise families. It is the story also of their children, born and raised in Hawaii, and who, during World War II, won fame and glory for themselves and their country on the bloody battlefields of Italy and southern Europe. But more than all of this, it is the story of the fate of the original immigrants during World War II. Rounded up by a panic-stricken American Government after the Japanese attack on Pearl Harbor, these people were sent to the mainland to spend the war years being confined in one refugee camp after another, all while their sons were winning fame as American combat troops. And finally, it is the story of these elderly people who, at the end of the war, became free men once again and were allowed to return to their beloved Hawaii to live out their lives in peace.

Reveals how the artist recorded his memories of the American railroad and the traveling circus as landscapes.

Saman is a story filtered through the lives of its feisty female protagonists and the enigmatic "hero" Saman. It is at once an expose of the oppression of plantation workers in South Sumatra, a lyrical quest to understand the place of religion and spirituality in contemporary lives, a playful exploration of female sexuality and a story about love in all its guises, while touching on all of Indonesia's taboos: extramarital sex, political repression and the relationship between Christians and Muslims. *Saman* has taken the Indonesian literary world by storm and sold over 100,000 copies in the Indonesian language, and is now available for the first time in English.
