The 13th Warrior - Full Cast & Crew

Pogba has become a key part of Ole Gunnar Solskjaer's setup since the turn of the year, and the Red Devils are supposedly determined to tie the midfielder down to a new deal. However, The Mirror ...

Manchester United 'fear Paul Pogba will run down contract'

The France international recently said that he had not yet received any "concrete proposals" from Ole Gunnar Solskjaer's side over a new contract in Manchester. Pogba, who is currently ...

This book is the first in this series of Norwegian migrations to the United States. This book will cover the first migration to America through Iceland and Greenland; the next one will cover the migration to America through Holland, England, and Normandy. Finally, the third book will cover the last migration to America, when half of the Norwegian population left for the new world.

Jebediah has a secret that will change his world forever and send his people into space. The Amish world of Alabaster calls upon an ancient promise to escape destruction. They end up on a cargo ship bound for the stars. But they are not the only cargo on board. Some of it is alive... or used to be. Now, with vampires taking over and closing in on the Amish refugees, these simple believers must decide whether their faith depends upon their honored traditions or something even older.

The book is about history of Lithuania and Russia in Medieval Ages, about writing chronicles, and meanings of words used at the time. It is an analysis of over 30 volumes of the Full Collection of Russian Chronicles, that dates back to 855 A.D. The chronicles in Medieval Ages were written in Slavic using Cyrillic alphabet by monks of the Russian Orthodox Church and in Old German and Medieval Latin by monks of the Teutonic Order. Full texts from Lithuanian in Old Belorussian tongue and excerpts in translations from Russian and Teutonic are included. The book starts in 13th century Lithuania-the time Lithuania emerged as state. The analysis of chronicles takes its reader through said above records made by Russian Orthodox monks (855 - 1453 A.D.), and to records and documents made by Catholics-Teutons and Poles (1191 - 1434 A.D.), Lithuanian (1345 - 1446), and ends with remarks about errors in dictionaries. The book describes the order in which chronicles were copied and therefore contains solutions to unsolved problems of sequence. The book contains graphs, tables, maps, that clarify explanations, a dictionary with almost 2200 entries and an Indices of Names, Tribes, Geographical Places, in which the Author provided extended information about the people, tribes, and places.

Jenny Jochens captures in fascinating detail the lives of women in pagan and early Christian Iceland and Norway-their work, sexual behavior, marriage customs, reproductive practices, familial relations, leisure activities, religious practices, and legal constraints and protections. Women in Old Norse Society places particular emphasis on changing sexual mores and the impact of Christianity as imposed by the clergy and Norwegian kings. It also demonstrates the vital role women played in economic production.

"It's a Hoo-Min!" crackled George. "Walking on its hairy-biter feet!" But now it was Harry who felt brave. "Come on! Let's peep at it!" They crawled the rest of the way up the tunnel towards the light. Harry is a poisonous centipede but he's not very brave. Still, he is the star of this seriously squirmy story. Harry likes to eat things that wriggle and crackle, and things that are juicy and munchy! But there are some things that a poisonous centipede must never try to eat - dangerous things like flying swoopers, belly wrigglers, furry biters and the most dangerous of all... Hoo-Mins! Harry and George's adventures up to the world of Hoo-Mins sparkle with fun and will be a delightfully squirmy experience for all young readers.

Working from the Poetic Edda, the Prose Edda, and Old Norse prose narratives and laws, Jenny Jochens argues for an underlying cultural continuum of a pagan pantheon and a set of heroic figures shared by the Germanic tribes in Europe, Britain, Scandinavia, and Iceland from A.D. 500 to 1500. Old Norse Images of Women explores the female half of this legacy, which involves images both divine and human. In a society marked by sharp gender divisions, women were frequently portrayed as one of four conventional types. The warrior woman was exemplified by the valkyrie, sheildmaiden, or maiden king. The wise woman was a prophetess or sorceress. The avenger is best seen in Gudrun, whose focus of revenge shifted from husband to brothers. Last, there were the whetters or inciters, who appear both in the Continental setting as Brynhildr and as ubiquitous figures in medieval Icelandic literature, ranging from Norwegian queens to humble milkmaids.

"It's a nice piece of pageantry. . . . Rationally it's lunatic, but in practice, everyone enjoys it, I think."-HRH Prince Philip, Duke of Edinburgh Founded by Edward III in 1348, the Most Noble Order of the Garter is the highest chivalric honor among the gifts of the Queen of England and an institution that looks proudly back to its medieval origins. But what does the annual Garter procession of modern princes and politicians decked out in velvets and silks have to do with fourteenth-century institutions? And did the Order, in any event, actually originate in the wardrobe malfunction of the traditional story, when Edward held up his mistress's dropped garter for all to see and declared it to be a mark of honor rather than shame? Or is this tale of the Order's beginning nothing more than a vulgar myth? With steady erudition and not infrequent irreverence, Stephanie Trigge ranges from medieval romance to Victorian caricature, from imperial politics to medievalism in contemporary culture, to write a strikingly original cultural history of the Order of the Garter. She explores the Order's attempts to reform and modernize itself, even as it holds onto an ambivalent relationship to its medieval past. She revisits those moments in British history when the Garter has taken on new or increased importance and explores a long tradition of amusement and embarrassment over its formal processions and elaborate costumes. Revisiting the myth of the dropped garter itself, she asks what it can tell us about our desire to seek the hidden sexual history behind so venerable an institution. Grounded in archival detail and combining historical method with reception and cultural studies, Shame and Honor untangles 650 years of fact, fiction, ritual, and reinvention.
