CEREBRAL CIRCUS gives authentic insight into neurological training and research, told in the age-old scenario of the unpolished country boy versus the city slicker. The protagonist is Allen Flint Childress, a half-breed Cherokee lad raised in the infertile red clay hills of North Louisiana. He was drawn into medicine by his love and respect of Dr. Homer Baines Shirley, a tough old country doctor who pulled Allen into the world by a risky traumatic forceps delivery one cold December night in 1967. A straight-A scholarship student at L.S.U., Allen sailed through the premed curriculum by an indefinable instinct and ambition for neurology; attempting as a freshman to register early for senior neuroanatomy. He succeeded in this improbable drive through a risky affair with his faculty advisor, an attractive older woman. Through hard work and scholarship aid, he graduated from Cornell University Medical College in 1991, then went on to internship at Bellevue Hospital in New York, a 3,500 teaching hospital with approximately 1000 trainees. When Allen became a resident physician in neurology, he became embroiled in a longstanding conflict with Dr. Bertrand O. Stanford, senior professor of neurology; who was performing unethical dangerous neurological research because of his ambition to be awarded the Nobel Prize in Medicine. But what could Allen, a mere neurology resident do against a senior professor? Allen gained a modicum of courage when he asked himself, What would old Dr. Homer Shirley who delivered me, do if he were in my shoes?

For nearly a decade, Jackie Apodaca and Michael Kostroff shared duties as advice columnists for the actors' trade paper, Backstage. Their highly popular weekly feature, "The Working Actor," fielded questions from actors all over the country. A cross between "Dear Abby" and The Hollywood Reporter, their column was a fact-based, humorous, compassionate take on the questions actors most wanted answered. Using some of their most interesting, entertaining, and informative columns as launch points, Answers from "The Working Actor"

guides readers through the ins and outs (and ups and downs) of the acting industry. Apodaca and Kostroff share an approach that is decidedly "on the ground." They ' ve both labored in the trenches just like their readers—dealing with auditions, classes, photos, résumés, rehearsals, contract negotiations, representatives, jobs, challenging colleagues, and the search for that elusive life/career balance. There are few absolutes in the acting profession and virtually no proven and reliable steps. Unlike books that claim to offer "Quick Steps to a Successful Acting Career," Answers from "The Working Actor" deals honestly with the realities, providing facts, options, strategies, stories, points of view, and the wisdom of experience, while ultimately challenging readers to make their own decisions. This book will give new actors a head start on their journeys and remind experienced professionals that, in the acting business, there is never only one answer to any question.
