The Triumph Scrambler is a British motorcycle made  
by Triumph Motorcycles. Launched in 2006, it was the  
last Triumph styled by designer John Mockett, who had  
begun working with the small factory team at Triumph  
in 1989, rationalising existing models based on a very  
successful modular design plan, including the concept  
and styling of the unfaired Trident triples for their  
1990 IFMA launch.
