Beautiful and informative as all Usborne books are. This was a present for a little boy who is obsessed with all things underwater in preparation for his holiday to the seaside. His mum tells me he has been glued to it since he got it, and can now tell her the names and features of sea creatures she hopes never to meet!

Looks at some of the biggest insects and spiders in the world.

Open out the giant fold-out pages to find out about some of the world's biggest, strongest and tallest trucks. Formerly the Big Book of Big Big Trucks 9781409523260 - a thin board book. Now converted into a stylish hardback with thick paper - the big gatefold pages still work in thick paper. Now an arty, gifty book. (previously a mismatch between the level of information and the board book format.)

Open out the giant fold-out pages to find out about some of the world's biggest, strongest and tallest tractors. Everything you need to know about tractors large and small, from all around the world, a book to pore over for hours. This attractive picture book format replaces the original board book format, ISBN 9781409549888.

Presents facts about the physical aspects of animals which are grouped into categories such as sea creatures, polar animals, and dangerous animals.

The dinosaurs were the biggest creatures ever to walk on the Earth. Open the huge fold-out pages to discover some of the longest, heaviest and most terrifying of all creatures-from the mighty brachiosaurus to the fearsome tyrannosaurus.

trucks. Age: 3 years +

A number book like no other, introducing children to the significance of different numbers and the things they are associated with. Did you know that an octopus has 3 hearts, every snowflake has 6 points, giraffes have 7 bone in their necks, cloud cover is measure in 'oktas' from 0 to 8, and that 9 is lucky in China (but unlucky in Japan)? An unusual approach to a numbers book and a gorgeous and slightly eccentric illustration style will make this title stand out in a crowded retail environment. By the team who worked together on the acclaimed My First 100 Words Book, Count to 100 and the award-winning Big Book of Colours (winner of the School Library Association's Under 7 Children's Choice Award 2016). An effortless and enjoyable way for children to learn about topics as diverse as fractions, counting, shapes, measuring, music, dates, animals, space, sports, geography and mythology through the magic of numbers.
