The official companion book to the first three seasons of the hit History Channel show inspired by a legendary Viking warrior. MGM's hit show Vikings on the History Channel has drawn millions of viewers into the fascinating and bloody world of legendary Norse hero Ragnar Lothbrok, who led Viking warriors to the British Isles and France. Covering the first three seasons of the series, this official companion book delves into the real history as well as the behind-the-scenes stories. Viking historian Justin Pollard explains shipbuilding and navigation, Norse culture and religion, and the first encounters between Viking warriors and the kings of

England and France. Interviews with cast and crew reveal the process of dramatizing this gripping story, from reviving the Old Norse language to choreographing battle scenes and building ancient temples for human sacrifice. This ebook is a must for fans of the show and history buffs alike. VIKINGS © 2015 TM Prods Ltd/T5 Vikings Prods Inc. VIKINGSTM TM Prods Ltd. Praise for The World of Vikings “A gorgeous companion book to the hit series . . . The World of Vikings is an excellent piece for the avid Vikings fan. I highly recommend it.” —Geeks of Doom “This is a whole new way of learning about Vikings. This book is full of the legends and the lifestyle, with pictures to boot. It is a great read for any proud Scandinavian.” —Grand Forks Herald

The Vikings visit Glendragon, and Mike the Knight must make sure they stay out of trouble.

Olaf becomes angry with Lyle when he shares his part of the Vikings' stolen loot with their victims, a group of monks, until the Vikings must depend on them during a storm.

When the Vikings kidnap Justforkix, the timid but very trendy son of one of Chief Vitalstatistix' closest and most powerful friends, believing he has the key to the secret of the magic potion, Asterix and Obelix are sent on one of their most dangerous missions. For they must voyage north to the Vikings' home territory and rescue Justforkix, before the Vikings find out he is not who they think he is, and make him pay the price. Meanwhile, the fact that the Vikings' chief's daughter, Abba, has fallen for Justforkix only makes matters more complicated...

Rolf is the son of Hiarandi the Unlucky. Hiarandi, at the urging of his wife, does an unforgivable thing: he lights a signal fire on a dangerous point of his land, challenging the accepted custom that place lucrative salvage at a higher value than the saving of life. However, the life that is saved that night causes his own death and the unjust outlawing of his son Rolf. This tale exemplifies the effect of Christ's teachings upon the Icelandic people during their heroic age. The book is set in Iceland in the days when Christianity has come to the island though the old customs still linger.

A fresh account of some of history's greatest warriors. The Vikings had an extraordinary and far-reaching historical impact. From the eighth to the eleventh centuries, they ranged across Europe—raiding, exploring, colonizing—and their presence was felt as far away as Russia and Byzantium. They are most famous as warriors, yet perhaps their talent for warfare is too little understood. Philip Line, in this scholarly and highly readable study of the Viking age, uses original documentary sources—the chronicles, sagas, and poetry—and the latest archaeological evidence to describe how the Vikings and their enemies in northern Europe organized for war. His graphic examination gives an up-to-date interpretation of the Vikings' approach to violence and their fighting methods that will be fascinating reading for anyone who is keen to understand how they operated and achieved so much in medieval Europe. He explores the practicalities of waging war in the Viking age, including compelling accounts of the nature of campaigns and raids, and detailed accounts of Viking-age battles on land and sea, using all the available evidence to give an insight into the experience of combat. Throughout this fascinating book, Philip Line seeks to dispel common myths about the Vikings and misconceptions about their approach to warfare. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books

## Read Book Vikings Dvd Book Gift Set

about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

A richly imagined journey to the Viking world that created the Lewis chessmen-"the most important chess pieces in history." -New York Times

Sailing 500 years before Columbus, the Vikings are credited with being the first Europeans to reach the New World. Discover why they decided to leave their homes, how their ships' technology enabled them to voyage to new lands, and their quests to settle new colonies.
