Finalist for the 2015 Pulitzer Prize in Biography, "Profoundly evocative and altogether admirable...The writing and detail are so brilliant that I found the volume revelatory." -Tim Page, Washington Post Nearly 100 years after bursting onto Chicago's music scene under the tutelage of Joe "King" Oliver, Louis Armstrong is recognized as one of the most influential artists of the twentieth century. A trumpet virtuoso, seductive crooner, and consummate entertainer, Armstrong laid the foundation for the future of jazz with his stylistic innovations, but his story would be incomplete without examining how he struggled in a society seething with brutally racist ideologies, laws, and practices. Thomas Brothers picks up where he left off with the acclaimed Louis Armstrong's New Orleans, following the story of the great jazz musician into his most creatively fertile years in the 1920s and early 1930s, when Armstrong created not one but two modern musical styles. Brothers wields his own tremendous skill in making the connections between history and music accessible to everyone as Armstrong shucks and jives across the page. Through Brothers's expert ears and eyes we meet an Armstrong whose quickness and sureness, so evident in his performances, served him well in his encounters with racism while his music soared across the airwaves into homes all over America. Louis Armstrong, Master of Modernism blends cultural history, musical scholarship, and personal accounts from Armstrong's contemporaries to reveal his enduring contributions to jazz and popular music at a time when he and his bandmates couldn't count on food or even a friendly face on their travels across the country. Thomas Brothers combines an intimate knowledge of Armstrong's life with the boldness to examine his place in such a racially charged landscape. In vivid prose and with vibrant photographs, Brothers illuminates the life and work of the man many consider to be the greatest American musician of the twentieth century.

Coauthor Lois Fichner-Rathus continues to bring her pedagogical expertise, clear conversational style, and love of teaching to this beautifully written and illustrated book. New and revised features encourage students to draw comparisons and connections as well as engage their critical thinking skills. In the Course of Performance is the first book in decades to illustrate and explain the practices and processes of musical improvisation. Improvisation, by its very nature, seems to resist interpretation or elucidation. This difficulty may account for the very few attempts scholars have made to provide a general guide to this elusive subject. With contributions by seventeen scholars and improvisers, In the Course of Performance offers a history of research on improvisation and an overview of the different approaches to the topic that can be used, ranging from cognitive study to detailed musical analysis. Such diverse genres as Italian lyrical singing, modal jazz, Indian classical music, Javanese gamelan, and African-American girls' singing games are examined. The most comprehensive guide to the understanding of musical improvisation available, In the Course of Performance will be indispensable to anyone attracted to this fascinating art. Contributors are Stephen Blum, Sau Y. Chan, Jody Cormack, Valerie Woodring Goertzen, Lawrence Gushee, Eve Harwood, Tullia Magrini, Peter Manuel, Ingrid Monson, Bruno Nettl, Jeff Pressing, Ali Jihad Racy, Ronald Riddle, Stephen Slawek, Chris Smith, R. Anderson Sutton, and T. Viswanathan.

Louis Armstrong was the greatest jazz musician of the twentieth century and a giant of modern music culture. He knocked the Beatles off the top of the charts, wrote the finest of all jazz autobiographies - without a collaborator - and created collages that have been compared to the art of Romare Bearden. The ranks of his admirers included Johnny Cash, Jackson Pollock and Orson Welles. Offstage he was witty, introspective and unexpectedly complex, a beloved colleague with an explosive temper whose larger-than-life personality was tougher and more sharp-edged than his worshipping fans ever knew. Wall Street Journal arts columnist Terry Teachout has drawn on a cache of important new sources unavailable to previous Armstrong biographers, including hundreds of private recordings of backstage and after-hours conversations that Armstrong made throughout the second half of his life, to craft a sweeping biography of the towering figure whom Philip Larkin called 'an artist of Flaubertian purity... more important than Picasso.'
