Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

PW50 (1981-1983; 1985-1987; 1990-2002), PW80 (1983; 1985; 1991-2002), BW80 (1986-1988; 1990)

This is a pictorial diary of a once-in-a-lifetime motorbike trip across 35 countries, and a practical guide to motorcycling around the world - what to do first, what to plan for, and how to cope with the unexpected.

OUR CULTURE HAS BECOME OBSESSED WITH HUSTLING. As we struggle to keep up in a knowledge economy that never sleeps, we arm ourselves with life hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There's just one problem: most of these solutions are making things worse. Creativity isn't produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we're told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our creative best interests? WE HAVE FORGOTTEN HOW TO FLOAT. The answer lies in our history, culture, and biology. Instead of focusing on how we work, we must understand why we work--why we believe that what we do determines who we are. Hustle and Float explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.

SUNDAY TIMES BESTSELLER Some people are born to be a certain thing. And I was a born fighter. At the age of eight, Michael Bisping began his training in martial arts. By the time he was 15, he was fighting in his first no holds barred competition. When he turned professional and joined the UFC he was sure about one thing: only a world championship title would do. A British underdog in the greatest fighting championship on earth, he spent the next decade winning some of the championship's most sensational contests to achieve his dream, becoming the first ever British UFC world champion in 2016. From his boyhood years learning to fight in the gyms of Lancashire to his most shocking clashes in the cage, in Quitters Never Win Bisping tells the raw and unfiltered story behind his legendary career for the first time, including his greatest wins, his fiercest rivals and the harrowing injury that forced him into retirement. As audacious, entertaining and as candid as the man himself, it's a backstage pass to one of the world's most extreme sports and an unbridled account of what it really takes to become a champion, from sleeping in his own car to reaching the summit of the world's fastest growing sport.

The adored actress behind the character Nikki Newman of The Young and the Restless tells all in this scintillating memoir, divulging the insider details of her dramatic life and forty-year career. Melody Thomas Scott admits she is nothing like her The Young and the Restless role, which has seen it all in her forty-year tenure on America's highest-rated daytime serial. But the high drama, angst, and catastrophes aren't confined to her character's plotlines. In this captivating memoir, Melody reveals behind-the-scenes tales of her own riveting journey to becoming an icon. As Nikki Newman went from impoverished stripper to resourceful, vivacious heroine-with missteps as gripping as her triumphs--Melody became a household name, enthraling audiences across the globe. But her road to stardom also had to be one to freedom marked by an escape fit for cinema. In Always Young and Restless, Melody tells of her troubled, untraditional upbringing for the first time. Readers will learn how she suffered at home with her hoarder grandmother, whose cruelty as her manager is shockingly extreme; abuse at the hands of industry men; the intensity of acting in feature films with Alfred Hitchcock and Clint Eastwood; and how she finally took control of her life and career, in a getaway move as daring as any on The Young and the Restless. And of course, Melody divulges forty years' worth of juicy on-and-off-set details of what it's like to be one-half of the show's most successful supercouple, "Niktor," plus her personal path to healing, love, and family. In witty, warm prose, meet the shining, persevering heart of an American icon--and prepare to be moved by a life story fit for a soap opera star.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.
